EDITORIAL.

Once more the end of the year is in sight, and by the time this is in the hands of the reader examinations will be over, and we shall be looking forward to the approach of Speech Day. Such a day cannot but have its sad aspects, because it is then that so many of us realise that our school-days are over forever; but among the many valuable things taken away by those leaving us, we are sure that tender feelings for the Old School hold the prominent place.

Perhaps there has seldom in the history of the school been such a year as the year 1917. Under the stress of outside change the school still continues to do its valuable work, as regards both indoor and outdoor life. Our reputation as a sporting school has been well maintained, and in the coming University examinations we are sure that new laurels will be added to our old ones.

Naturally our thoughts turn at such a time as the close of the year to those absent from us. The numbers of our Old Boys who represent us in the larger world of affairs have so increased that already the Honour Roll is filled,

and a new one is required. This school has indeed reason to be proud of the achievements of its Old Boys during the present war. But pride must be mingled with sorrow when we consider our losses, and we take this opportunity of expressing our sincere sympathy with the relatives of those who have fallen in the path of duty.

SCHOOL NOTES.

The Annual Sports which were scheduled for the 15th of September, had to be postponed owing to the bad weather conditions. It is generally our ill-fortune to have showery weather for the Sports, but it is seldom that they have to be postponed. The events were, however, run off on the following Monday. We congratulate Foote and Pettigrew on tying for the Senior Championship, and Hunt on winning the Junior Championship.

* * * * *

The "Khaki Girls" were in charge of the Refreshment Stalls, and, while we wish to thank them for their services, we must also sympathise with them concerning the inclement weather.

* * * * *

We take this opportunity of congratulating Mr. and Mrs. Robertson on the birth of a daughter.

* * * * *

The examination for non-coms., as usual, proved an amusing diversion for those not entering for the examination. In spite of much rehearsing of rifle-exercises and Platoon Drill, some of the mistakes were ludicrous "i' the extreme." Remarkable enthusiasm prevails among these budding N.C.O.'s. No doubt much of it is inspired by "Our worthy Chief-of-Staff."

* * * * *

Form VI. has once more captured the Form Cup. This is the first time it has been ours since 1910; but we are sure that it is now ours for good. The "newies" had evidently built much on winning it for their form, and their disappointment must have been all the more keen considering the wide margin by which they were defeated.

* * * * *

Two new turf wickets are now under construction in the South-West corner of the sports field. They are cer-

tain to make batting surer, as we have had, up to the present, to practise on concrete and play matches on the turf.

* * * *

Alas! the time-honoured custom of assembling after dinner, while a prefect calls the roll, has been supplanted by a base, modern time-saving method, in which each prefect notes the absentees of one class. This is utilitarian. No longer do we assemble in the hope that there is something important to announce which will occupy some of the time of the first period.

* * * *

The militia men were rather disappointed at there being no camp before Christmas. They were, however, able to console themselves with the knowledge that they go to Toowoomba for Easter. "Buff" is looking forward to the short sojourn, notwithstanding the Lieut.'s announcement that he has been appointed C.O., or the C.O.'s orderly, or to some other such rank.

* * * *

The tug-o'-war on Sports Day was far more exciting than any other event of the day. The two teams consisted of the heaviest boarders and day-boys. Although the latter were much inferior in weight, they nevertheless succeeded in obtaining a draw against such "redoubtable" opponents. The two teams wish to thank Mrs. Cameron for the cake, which was enjoyed by several hangers-on as well as by the members of the teams.

* * * *

In the Athletic Sports we were defeated by Brisbane, but succeeded in beating Toowoomba Grammar School. We congratulate Pettigrew, Williams, Fisher, and Marshall, in the Seniors; Hunt, Yarad, Reilly, and Easton in the Juniors, on their successes.

* * * *

We congratulate the Football XV. on being undefeated in their grade, and again winning the premiership, and on their decisive victory over Toowoomba Grammar School. Although defeated by Brisbane Grammar School, we acquitted ourselves very well against a team much superior in weight to our own.

It is seldom that these dull days are enlivened by such a thing as a "stoush." More remarkable still is the fact that one such was witnessed by our revered Head. After much attacking and counter-attacking, and a remarkable display of skill and strength on both sides, it was noticed that the nose of one of the combatants was bleeding rather freely. As it was necessary to staunch the flow of blood, without unduly reddening the floor, the combat terminated for the time being.

* * * * *

We believe Lower VI. has unearthed a budding electrician who is well-known in military circles. He is reported to be a worthy successor of "Buff" and "Scratch."

* * * * *

"Buff" seems to be wearing lately a worried appearance, concerning the cause of which it would not be wise to speak.

* * * * *

Mr. Roe's visit passed off in the usual way. We were all glad to see him again, and are quite confident that we impressed him with our ability and knowledge.

* * * * *

We wish to extend our hearty congratulations to Flewell-Smith on his engagement. It will be remembered that "Bern." distinguished himself by winning the Byrnes' Medal in 1914. He enlisted a few months ago in the A.I.F., and will, in all probability, soon be leaving Australia. We wish him good-luck, and a safe return.

* * * * *

Towards the end of the second term the School Hall was the scene of a very enjoyable dance, kindly given by Mr. and Mrs. Kerr. The weather was very suitable for dancing, and all apparently enjoyed the evening in spite of the fact that the majority of the "fair sex" had to depart at a rather early hour; the rest of the evening was characterised by many couples of boys running into all and sundry. We all wish to thank Mr. and Mrs. Kerr for their hospitality.

* * * * *

Friday nights are now devoted to elocution. Mr. Kerr has very generously engaged Miss Alice Crowther to teach as many as desire to learn, the art of elocution. There

is already a noticeable improvement in pronunciation, and there is even suspicion that "Dac's" ability as a singer has increased. Towards the end of the year we hope to present "As You Like It." Already the different parts have been allotted and rehearsals are frequently held. We hope that the result will prove as satisfactory as in former years. Some of the performers seem to think that there will be an added interest from having "real" girls to take the girls' parts.

* * * *

Douglas Harding having enlisted, there is some anxiety as to how we shall fare next year in football. It was entirely owing to his excellent coaching that our team performed so well this year. The team took the opportunity of his presence at the Brisbane match to express their gratitude, and presented him with a safety razor as a small memento. We are proud, as well as grateful, that he has kept his interest in us so long, and we all sincerely wish him God speed and a safe return.

BOARDERS' NOTES.

Despite several additions at Midwinter and Michaelmas, yet, owing to the loss of Warry, Pryce, Taylor, Ormerod and Outridge, C. (who has become a day-boy), we now number forty-four—one less than last quarter's total.

* * * *

Amongst our new arrivals are "Fiery," a unique product of Biggenden, who takes a great delight in polishing harness every Friday, and Smith, J., a quiet youth who seems to have taken up the study of aviation. We also welcome "Donk" Martin from Toowoomba, who no doubt will be useful in the sports field. Nor must we omit Wenck, a budding elocutionist, and brother of "Morris," who left us last year.

* * * *

The last-named often entertains the rest of the dorm., rapt in tense excitement, or sleep (mostly the latter), with thrilling(?) fairy tales. These, being droned out in a monotonous tone, like unto a sick gramophone, are not calculated to improve the temper of those coming up to bed late, as poor "Morris" frequently discovers. At Midwinter we lost "Tom" Warry, who has left us to make a stir in the business world. He will be much missed

in all branches of sport, and our best wishes go with him. We also lost the cheery presence of "Doc" at Michaelmas, he having gone to make a bit "down South."

* * * *

The Boarders, as usual, are taking a leading part in all sport, having a majority in all the teams. We congratulate Fisher on being elected Captain of football, and Pettigrew on being elected Captain of cricket, tennis, and athletics. In the sports, the boarders easily upheld their honour, and we congratulate Pettigrew on being bracketed for the Senior Championship Cup, with Foote, A. J., and Hunt, on carrying off the Junior Championship.

* * * *

The tug-of-war resulted in a tie, for, although the Boarders won the first pull easily, the Dayboys won the second, after a long and exciting pull, and the judges gave a tie. We all enjoyed the cake kindly donated by Mrs. Cameron, and desire to thank her for her gift. Did someone say that he wouldn't mind if we had a tug-of-war every week? Ah, it was a Dayboy.

* * * *

Instead of the usual Euchre Party and "spread," Mr. and Mrs. Kerr kindly decided to give a Dance a little before Midwinter, for which we heartily thank them. Some displayed elation at the scheme, others (not including Podge(?) declared the idea "punk"; nevertheless, all seemed to enjoy themselves, and were sorry that the members from the other hill had to leave so early.

* * * *

We were pleased to recognise the faces of many "Old Boys" at the dance, among them being those of Nicholson, Macartney, and Warren, who were with us last year.

* * * *

We have also received visits at various times from Easton, Chauvel, Bell, Macarthur, Fleming, Harding, Flewell-Smith, and Bert. Dunshea. We are sorry to state that the latter has received severe injuries to the knee, so that he is compelled to use crutches. Fleming and Flewell-Smith have left for the Front, and Doug. Harding is still in camp.

We have also learnt of the engagement of Flewell-Smith to Miss Darling, and we offer him our heartiest congratulations and best wishes for future happiness. Before Flewell-Smith left, he returned from Melbourne (where he had been for several months), and during his stay he spent a couple of days at the school with his fiancée. We wish him the best of luck and a safe return.

* * * *

After Mid-winter the Lower Sixth boarders were allowed once more to do "prep." in the library. However, we suffered for a while from the conversational powers of a couple of our number, but these are not nearly as distracting as the periodical fits of madness of the "Seniors" in the adjacent room. "Podge," too, in looking for a nice bonnet to prevent the oil from freezing on his head, on these cold (?) summer nights, often disturbs our peace. We think one with nice potato and cauliflower trimmings would suit.

* * * *

We have been fortunate in securing the services of Miss Alice Crowther, who comes once a week to teach elocution, and we intend later on to play scenes from "As You Like It." If the agonised sounds proceeding from the Fifth Form room are any criterion, it ought to be an immense success. The road outside the fence is becoming a fashionable place for a tête-à-tête.

* * * *

As usual, we were represented by a fairly large squad at the Girls' Grammar School dance, which eventuated a short while before Michaelmas. All seemed to have had a good time, if we can judge by the excitement reigning amongst the "small fry" for the space of about a week after.

* * * *

The pugilistic spirit seems to be dying out amongst the younger members, and we have only witnessed one "scrap" up to date. In this, "Kingy" obtained a verdict over "Joe," after a poor display, which only lasted a couple of rounds.

* * * *

Since Michaelmas squads of boarders have paid visits to "Bossie's"—and the Allies' Village Fair, whilst a

goodly number attended the lecture given by Signaller Skeyhill, which proved to be very interesting. Many also availed themselves of the holiday given on Friday, August 18th, for the Exhibition, to spend a week-end in Brisbane.

FORM NOTES, VI.

Once again the Senior is drawing near, and those who are partaking in this exam. are looking forward to it with the greatest of pleasure(?). We feel quite confident in all our candidates, and are sure they will do credit to us and keep up the good records of the Sixth.

We are well represented in all branches of sport, having the majority in the cricket, football, and tennis teams. We are sorry to see, however, that a few of our number think it would lower their dignity to partake of sport. We wonder if it is because they are afraid of soiling their hands, or if they wish to devote all their time to studying for the next exam. Anyhow, we hope the younger members of the school will not follow their example.

The Form this year is larger than it has been since the foundation of the school, and to celebrate this, and also the fact that we won the Form Cup easily in the annual sports, we have had the photo of the Form taken.

We congratulate Pettigrew and Foote, A., who tied for the Senior Championship Cup, and we are proud of having won the flag race, in spite of the fact that we were on the scratch mark.

On meeting with the phrase "he held his peace" in one of the Latin proses, we were advised not to use "tenuit suam puellam."

"Jack" seemed to have a standing appointment with the dentist every Wednesday last quarter; we hope there was nothing seriously wrong with his teeth. Perhaps it was the effect of his winning the "V.C."

Some of us in a few weeks will bid farewell for the last time to the old school, looking back on Form Notes and school days as things of the past. May they ever keep in mind the honour of their old school, and do nothing unworthy of that grand old "Spirit." To the younger members of the Sixth we look to keep up the reputation of the Form. and wish them all success in exams. to come.

FORM NOTES, V.a.

“Tempus fugit.” So we find much to our sorrow. By the time these notes are published we shall have “cut our dash” and, we hope, successfully.

We almost lost our star performer during a visit of Wirth’s Circus to the city. “Jumbo” made a bold bid for freedom when he saw his old friends, and it was only with great difficulty that we could restrain him.

“Ferdy” has now become the proud possessor of a pocket knife, which he is always sharpening on his boot. Perhaps he thinks of using it as a razor. We all hope so.

The “Curly-Moses” Company of the front seat is still a flourishing concern. Though as yet it has not resulted in any great achievement, still it does a good trade in “detentions, maps, etc.”

Recently we have heard vague rumors that “Pix” and “Jim” are publishing a new Latin grammar for their own benefit, in which there will be no “gerunds or gerundives.” It ought to prove exceedingly interesting.

“’Arry” has become very absent-minded of late. Perhaps he is thinking of a certain memorable night spent on the other hill. Whom were you with that night?

“Ranzo” has at last given up photography, and now spends his time collecting buttons.

Now he is a Lance-Corporal “Wuzzy” has developed a great “Love of Country,” but we are sorry to say he seems fonder of “England” than Australia. Perhaps he is a “Chummie.”

“Gussie” is still engaged on his scientific studies, and at present he is adding some improvements to his Zepp.

We have discovered an excellent comedian in our midst who goes by the name of “Bom.” His wit (?) may be heard during any English period, but unfortunately, it is not always appreciated. Hard luck, “Bom.” Better try Bossie!

“Fat” and “Pix” have acquired a mania for grinning. The masters attribute their madness to the moon, and they don’t seem to be far wrong.

“Skit” intends going on the stage, or to put it more plainly, is taking part in our forthcoming play, and he appears very excited about it. Is “Lizzie” coming, “Skit?”

We are well represented in sport, having four members of the First Fifteen, Foote, B., Hunt, and Scott, K., to whom we offer our hearty congratulations. We also wish to congratulate Hunt on winning the Junior Championship at the Sports.

LITERARY SOCIETY.

Since our last edition the Society has held two meetings, the first being devoted to the reading of selected passages.

The competitors were divided into seniors and juniors, and Mr. Kerr offered two prizes, one for each division. The winners were: George (Senior), and Stephens (Junior), while the following also contributed items:—Seniors, Hooper C., Dunshea, Calder, and Cameron D.; Juniors, Hall D., and McKay.

The only recitation was given by Stephens, who is to be congratulated on his choice of subject (Henry V.'s speech before Harfleur). Such pieces have really more value than comic readings, and it is a pity that there are not more of them upon such occasions, though of course it is not desirable to banish comedy altogether.

The second meeting took the form of a lantern lecture by Dr. Cameron, on "Early Builders in Europe." We take this opportunity of thanking him for providing a very interesting evening.

The lecture was a sketch of the rise of the Greek and Roman civilisations, and the slides shown consisted mostly of pictures of the great buildings of antiquity.

"—Where pilasters round
Were set, and Doric pillars overlaid
With golden architrave; nor did there want
Cornice or frieze with bossy sculptures graven."

Members of the Sixth were particularly gratified to have such Miltonic mysteries made clear to them.

An elocution class has lately been started in connection with the society, under the auspices of Miss Crowther, and holds meetings every Friday night. Certain members of that region of the earth known as "Kydnoottl" may now be heard.

“Uttering such dulcet and harmonious breath” that even the distant Common Room with its awe-inspiring occupants must be moved, though not, we hope, to the savage meting out of unmerited detention to the innocent. through increased irritability.

FOOTBALL.

The honour of being premiers in the College Grade Football in Brisbane has again fallen to us—for the third time. We were undefeated throughout the season, our opponents only crossing our line twice, and scoring 12 points against our 118. Although we were slightly weakened at Mid-winter, owing to loss of two members, the substitutes soon became adapted to their positions, and combination was restored. We were successful against Toowoomba Grammar in the Chelmsford Cup match, defeating them by 25 to 6. Against Brisbane, a much heavier team, we put up a great fight, and after a very hard and even game, were beaten by 13 to 8. The Second Fifteen came through runners-up in their Grade, winning three matches, drawing two, in a possible of eight, a very creditable performance considering how their members were weakened by withdrawals for the 1st XV. Two matches were arranged with Church of England Grammar—C. of England 1st XV. v. our Seconds; and C. of England 2nd's v. Ipswich 3rd XV. Both matches were played on our own ground, and resulted in wins for us—the former by 28 to nil, and the latter, 30 to nil. Unfortunately this was the only match that could be arranged for the thirds. Several members showed great promise and should do well next year, if their present keenness holds.

Just after Mid-winter our coach, Doug. Harding, enlisted. Up to that time Doug. had been devoting considerable time to coaching the school teams, and it was mainly owing to his efforts that we were so successful throughout the season. This success will, no doubt, be some reward for services rendered faithfully. That the teams fully appreciated the time given them by him was evidenced by the full practices and by the keenness of all, and on his going into camp a small memento was given him by the members.

We wish to express our grateful thanks to Doug., and hope that he will soon return to coach the School's footballers to victory again.

FOOTBALL CHARACTERS (Coach D. H. H.)

- G. A. Fisher (Captain).**—A very energetic and capable Captain who keeps his team working well. Most experienced member of the team; looks for openings and seizes every opportunity. Very sound in every department of the game, and could be played in any position. Trains very hard, and does more than his share of the work. Has good football prospects in future.
- S. C. Pettigrew (Vice-Captain).**—Wing three-quarter; fast, and uses pace to advantage; kicks and takes well; developed a very useful hand-off; tackling and handling, good.
- N. George (Full-back).**—A season's experience has made a big difference; kicks well with either foot; tackles harder, and hence more surely; cool in difficulties, and looks for openings.
- J. Foote ($\frac{5}{8}$).**—Played centre-three-quarter previous season, but soon became adapted to new position; played very good football throughout the season; kicks and takes well; sure and safe tackler; frequently relieves when side in difficulties; fast; should do very well next season.
- H. Burton (Forward).**—Improved greatly in all respects, and played good football, especially towards end of season; good in the open and ruck; bustles, kicks, and dribbles well; handling fair; tackles hard. Should do very well next season.
- L. Pardoe (Forward).**—On light side, but works well; good dribbler; better in the open than in the ruck; handling and kicking fair; tackles hard.
- C. Hooper (Forward).**—Small, but solid, and uses what weight available to advantage; works hard in ruck and open; handling and tackling improved; should not hang on so long; dribbling good; should do well next season.
- T. Warry (Centre Three-quarter).**—Used to playing wing but learnt quickly; fast, and used pace to advantage;

handling and kicking good; tackling fair; inclined to hang on and cut in too much at beginning of season.

B. Dunshea (Forward).—Uses weight to advantage; dribbles well; works well in open and ruck; handling and kicking fair; solid tackler; should do well next season.

H. Marshall (Forward).—Uses height to advantage in line out; bustles well, and plays well in open; but should put more energy into ruck work; kicking and tackling fair; inclined to hang on; dribbles well, and improved towards end of season.

C. Cribb (Forward).—Uses height to advantage in line out; bustles well; better in open work than rucks; handling and tackling fair; dribbling good.

Foote, B. (Half-back).—Improved at end of season; not quite confident enough; tackles well; kicking and passing fair; lacked experience in this position.

H. Williams (Wing Three-quarter).—Fast, and uses pace to advantage; new to the game, and handicapped on that account; handling faulty, partly due to lack of coolness; kicking improved; should do better next season.

D. Wyper (Forward).—Useful in line out and ruck work; played back and used weight to advantage; dribbles well; handling and kicking fair.

K. Scott.—Fast, and uses pace to advantage; not enough confidence, kicking and tackling fair; takes and handles well; did not improve as much as expected.

T. Pacey.—A Seconds player; young, and lacked experienced, but very keen; played breakaway and centre three-quarter; bustles well; handling fair; tackles hard.

D. Pryce.—Small and sturdy forward; dribbling good; kicking weak; handling fair; bustles very well, and always on the ball.

CHELMSFORD CUP MATCHES, I.G.S. v. T.G.S.

The Ipswich team in this match was: Full-back, George; three-quarters: Pettigrew, Warry, Hunt, Williams; $\frac{3}{4}$: A. Foote; $\frac{1}{2}$: B. Foote; forwards: Fisher, Wyper, Hooper, Dunshea, Burton, Cribb, Marshall.

This match was played on the North Ipswich reserve on June 21st, before the mid-winter holidays. It was a rather windy day, and this interfered somewhat with the play. Toowoomba won the toss, and kicked towards the Wool- len Mills with the wind. Cribb kicked off for us, and after some centre play Toowoomba forced play into our 25. Pettigrew relieved, but again Toowoomba pressed us, and soon Barbour gathered from the loose and scored. The kick failed. T.G.S., 3; I.G.S., nil. After some see- saw play, Kent marked, and play came to our 25, but a free eased matters. George soon after stopped a rush by Toowoomba in good fashion, and Barbour unfortunately dislocated his elbow. This was a blow to Toowoomba. Soon after, Marshall and Burton took the ball up to the Toowoomba 25, and after some good work, Pettigrew scored. The kick failed. Score, three all. Even play by the forwards followed for some time, till Williams, by a very fast run, scored between the posts. George con- verted, and half-time, which soon followed, the scores stood: I.G.S., 8; T.G.S., 3.

When play recommenced Ipswich forced, but Too- woomba defended well. Fisher put play in Toowoomba half by a good line kick. From a line-out in the Too- woomba 25, Fisher returned the ball to Pettigrew, who forced his way over. The kick failed. I.G.S., 11; T.G.S., 3. Soon after, Marshall passed from a line-out to Foote, who cut in and scored. George converted. I.G.S., 16; T.G.S., 3. From the kick Ipswich pressed, and after rapid forward play, Burton secured from the loose, and a rush in which the ball often changed hands, ended in Marshall scoring. The kick was unsuccessful. I.G.S., 19; T.G.S., 3. Toowoomba soon worked play to our 25, and Ballantyne got over the line, but the kick failed, making T.G.S. 6 to 19. At this stage B. Foote was hurt, and had to retire. After even play Fisher passed from a scrum to Pettigrew, who again got over. The kick failed. I.G.S. 22, T.G.S. 6. Soon after Ipswich again scored, as Scott, securing from the loose, got over near the corner. Full- time came immediately after, leaving I.G.S. the winners by 25—6.

CHELMSFORD CUP MATCH.

I.G.S. v. B.G.S.

This match was played on the Brisbane Grammar School ground on the 22nd August. There was a bad

wind blowing across the field. The Ipswich team was: Full-back: George; three-quarters: Pettigrew, Pacey, Williams, Hunt; five-eight: A. Foote; half: B. Foote; forwards: Fisher, Wyper, Pardoe, Hooper, Dunshea, Burton, Cribb, and Marshall. Brisbane won the toss, and kicked against the wind.

Foote kicked off for us, and the ball immediately went out. Centre play followed for some time, and Ipswich forced till Charity took play up to Ipswich 25, and we saved. After some even play, Marshall took play up to Brisbane 25, but Lawton broke away with the ball, and was not stopped till almost on our line. From a mark Brisbane attempted a kick at goal, but it failed. Soon after Brisbane began to force us, and Clarkson scored. Lawton converted. B.G.S., 5; I.G.S., nil. After some play up and down the field, Ipswich forwards took the ball up the field, and Pettigrew, after a short run, passed to Williams, who scored. George converted. Score: B.G.S., 5; I.G.S., 5. Half-time came soon after. Avery had to go off with a broken nose. From the kick-off Ipswich pressed, and after some loose play in which most of the forwards showed up well, A. J. Foote scored. The kick failed. I.G.S., 8; B.G.S., 5. Brisbane now began to attack, and in spite of good defence by Ipswich backs, a three-quarter rush from a line-out ended in Lamb crossing the line. Lawton converted with a nice kick. I.G.S., 8; B.G.S., 10. Even play followed for some time, till Brisbane got the ball to our 25, where it went out almost on the line. Fisher relieved, however, but again Brisbane commenced a series of attacks, forcing Ipswich to save several times. Soon after Grenning took the ball well up, and passed to Leslie, who scored. The kick failed. B.G.S. 13, I.G.S. 8. Brisbane continued to attack, but Ipswich defended well, till Ipswich scrum, by a good screw, took the ball well up the field. Full time soon followed, leaving B.G.S. 13, I.G.S. 8.

IPSWICH AND NUDGEES.

The final match with Nudgees was the opening match of the third round, played on the 'Varsity oval. A strong westerly was blowing, and this greatly hampered the game. Nudgees elected to kick with the wind the first half, and, with its aid, pressed us occasionally. Our opponents who had no holidays, had a fortnight's more

train, but did not show it. The first half was considerably faster than the second. Ipswich forwards bucked in well at the start, and good ruck work ensued. From a scrum near half-way, the half, Foote B., worked his backs, and Pettigrew scored in the corner; Fisher failed to add the extras. Shortly before half-time Nudgee were penalised, and from a short kick from Fisher, Pettigrew picked up and touched down. George's kick missed. Scores at half-time, 6—nil in our favour. Our play with the wind behind us in the second half was not as good as in the first. The wind had dropped slightly, and kicking became surer. At the outset, close play occurred in the Nudgee 25; several forwards tried to push their way across the line, but were unsuccessful. Then, from loose play, Foote J. picked up, sent to Hunt, to Fisher, to Scott, who scored. From a line out on the half-way line, the backs were set going, and a fine passing rush took place. The ball travelled to Pettigrew on the wing, who ran very strongly, beating several men, and scored a good try near the posts. Full-time blew with the scores 12—nil in our favour. Although we had fallen back on the seconds for three men, the team played well as a whole. George was safe at full and both backs and forwards tackled hard and low.

GREGORY TERRACE v. IPSWICH.

Four members of the Ipswich team were playing in the combined Grammar School versus 'Varsity, so once again the Seconds were drawn upon. A high wind helped to hinder play to a certain degree at the beginning of the match, but towards the end this died down. From the kick-off, Terrace, who were running down, pressed, and took the ball into our 25. George fielded and found the line well down the field. From a line out here Terrace backs were set in motion by Mooney, and the rush resulted in a score; unconverted. Close play about the half-way line again took place, and good ruck work was done by Pardoe, Marshall, and Cribb. The ball was cleared, and J. Foote, picking up, made a good run and scored. George failed to add the extras. From the kick-off Terrace forwards carried the ball down the field, Warry picked up, and found the line. Shortly after the

ball came out to him, and he scored a neat try, also converting it. Half-time came with the scores 8—3 in our favour. At the whistle up, a scrum took place in midfield; Ipswich secured, and the threes moved down the field, Scott scoring in the corner. Terrace pressed, and nearly went over, but George tackled well. Wyper, Dunshea, and Cribb then dribbled the ball down field. Here in loose play, J. Foote secured, and scored a good try. This brought the scores 14—3 in our favour. Full time blew with the scores unchanged. The match was on the scrappy side, but this was only to be expected. Pardoe and Pryce were noticeable among the forwards, and Foote and Warry played good games in the backs. The backs especially tackled well, individual efforts several times blocking a possible score.

BRISBANE GRAMMAR v. IPSWICH.

This match took place at Ipswich, the Brisbane team being accompanied by numerous barrackers. Ipswich ran down the first-half, and made things willing. Brisbane responded and took the ball out of their 25. Several scrums took place in succession about the half-way line, but each effort of the Ipswich backs was nullified by Brisbane backs—chiefly Atthow and Wilson. From close play in Brisbane's 25 Dunshea carried the ball over and scored. Fisher's kick failed. Brisbane again pressed strongly, and carried the ball to our 25; good kicking from our backs saved the situation, and the home forwards took play down field. Burton, who had been playing a good game, picked up in the loose, and scored a good try near the posts; George converted. Half-time came with scores 8—nil in our favour. From the kick-off the home forwards took the ball to the opponents' 25; several scrums were held over the line, and individual attempts made to score. After three or four five-yards scrums in the bottom corner, Ipswich were penalised, and Brisbane found the line with a good kick. From a line out, Ipswich threes started up the field and Foote J. (five-eighth), coming into action again, scored near the corner. Play was again transferred to the Brisbane quarter, and ruck work ensued. Burton, Dunshea, and Hooper were prominent in this. Our half, Foote B., worked both wings well, and Pettigrew and Scott each made good runs; but both were tackled. Lamb relieved for Bris-

bane, and George, coming up, centered; the ball went out to Scott, who dived over in the corner. Warry failed to add the extras. Shortly after this a kicking duel took place, but the wind made accuracy impossible. Several scrums were held in front of the Brisbane's posts, and some good dribbling rushes took place. Burton, Wyper, and Cribb were noticeable in good pack work. A line out near the enemy's 25 resulted in another score for us as a result of a good cut in from Foote J. The final scores were 14—nil, but the game was on the whole very even, and the fast pace set at the start was kept up throughout.

IPSWICH v. NUDGEES.

This match took place on Brisbane Grammar turf, and was unaccompanied by the usual westerly. Ipswich ran towards the School, and scored all their points in the first half. The first and second scores came from Warry; the former originated in a scrum in Nudgee 25. The half circulated and the ball travelled down the line to Warry, who touched down. Shortly after the ball was loosened from the ruck about the half-way line. Warry seized an opening and streaked for the line, completely outdistancing the opposing men. This brought our score to 6, neither of the kicks at goal going through the posts. Just before half-time the Ipswich forwards combining well, took the ball up to Nudgee line again. From here Nudgee full back sent out, and a line out took place. Ipswich backs again set going, and Scott scored in the corner. The second half was the more strenuous of the two; a forward game was made, and the play went up and down field. Nudgee pressed severely several times, and occasionally looked dangerously like going over. Good tackling and solid work from all kept them back however. Just before full time a forward "stoush" occurred, resulting in one of our men and a Nudgee player being sent off. Full time came with Ipswich winners by 9 to nil.

IPSWICH v. B.G.S.

This, the last match of the season, was nearly postponed owing to several mishaps occurring to no less than six members of the team. However, the seconds were again

drawn on and, thus weakened, they were defeated by Technical College. The Grammar turf was the scene of action, and Brisbane again had their usual crowd of supporters. What Ipswichians there were in Brisbane turned up and valorously squeaked support from amongst the Brisbane throng. Brisbane seemed to imagine that we were weaker than usual, but were disillusioned after all. Foote J. opened up for us, while playing on the wing in place of Pettigrew. He outpaced the opposing three and scored in the corner. Dunshea's kick narrowly missed. Even play took place about half-way, and scrums and lines out were plentiful. Ruck work, in which all the forwards indulged, occurred, and the play was transferred to Brisbane 25. Here Marshall, Burton, and Cribb dribbled to the line, but Brisbane secured and sent down field. Woods, a second's player, at full back, fielded well, and coming up strongly put the ball to his forwards again. The latter responded, and clearing, the half, Foote B., sent to Hunt, to Pacey, to J. Foote, who scored his second try. Fisher's kick narrowly missed. Half-time scores were 6 nil in our favour. The second half saw us mostly on the defensive. Most of the team hadn't quite recovered from the solid Chelmsford Cup match a few days before. Brisbane became more and more aggressive, but good tackling kept them in their place. Ipswich were penalised for off side play, but Brisbane's kick at goal failed. Several exciting lines out in our 25 took place, and Brisbane tried to force over. Their backs were combining very well, but they didn't get there. Ipswich won, 6—nil.

“B” COLLEGE GRADE FIXTURES.

2nd XV. v. Nudgee “B”—Played on University Oval and won by Ipswich by 6 to nil. Tries scored by Woods and Kingwell.

Seconds v. Technical College.—Played on our ground, resulting in a draw (8 all). Easton scored twice, and Woods converted one.

Seconds v. Nudgee “A.”—Won by Nudgee by 13 to nil. Nudgee “A” were premiers of the grade, and played consistently throughout the season.

Seconds v. Brisbane Grammar.—Played on our ground, and won by Ipswich, 8—3. Scores by Woods (who converted his try), and Donaldson.

Ipswich v. Technical College.—Played on 'Varsity Oval. The College put out a full team of very heavy men. At the same time our seconds had five of their men playing in the Firsts. After an even game, in which College generally scored by superior pace, full time found the scores, 21—11. McCulloch scored two fine tries for Ipswich, and Kingwell converted one with a good kick.

2nd XV. v. C. of E. Grammar 1sts.—This match was played on our ground, and resulted in a very easy win for us. The opposing team, though big enough, had no combination, and apparently very little idea of the game. Final scores, 28—nil. Tries were registered for us by Hale C. (2), Kingwell (1), Pacey (1), Donaldson (2), Wess (1), McCulloch (1). Woods converted two with good kicks.

3rd v. C. of E. Grammar.—Another easy win for us. Tries were scored by Perkins (2), Brazier (1), Brown (2), Hutchins (2), Murray (1), Pryce (1), 30—nil.

TENNIS NOTES

This year the Tennis Four has met with much the same success as last year. Toowoomba avenged last year's defeat, mainly because of our lack of practice and the prior claims of football. The match against Brisbane was commenced on November 3rd, but rain fell and caused us to abandon the match. Bad weather prevailed all through the week, and the match was set down for November 14th. For some unknown reason, the Brisbane team did not put in an appearance, and it had not been definitely settled when the match would be played before we went to press.

The Four this year consisted of Pettigrew, George, Hooper, and Henderson. As three of the team were also in the football team, we were unable to put in a proper team in the Association fixtures. Two of the team, Pettigrew and George, took part in the August Tournament in Brisbane. The former did not strike form in the No. 1 Handicap, and was defeated in the first round. This pair met a similar fate in the Doubles Handicap. George was more fortunate. He was runner-up in the Junior Championship, and also got into the semi-final of the No. 1 Handicap.

Appended are the scores of the Cup match against Too-woomba:—

Doubles:

Pettigrew and George v. Barbour and Kent, 6-2, 6-8, 2-6; Pettigrew and George v. Brodie and Graham, 6-1, 6-0; Hooper and Henderson v. Barbour and Kent, 0-6, 2-6; Hooper and Henderson v. Brodie and Graham, 6-1, 3-6, 13-11.

Singles.

Pettigrew v. Barbour, 6-8, 2-6; George v. Kent, 7-9, 5-7; Hooper v. Brodie, 4-6, 2-6; Henderson v. Graham, 6-4, 3-6, 7-5.

Totals.

T.G.S.—5 rubbers, 12 sets, 104 games;

I.G.S.—3 rubbers, 7 sets, 92 games.

TENNIS CHARACTERS.

- S Pettigrew**—A strong, hard-hitting player, with a fine fore-hand drive; has a fairly accurate and severe service, and has considerably improved overhead and in volleying; with a little more restraint will turn out a fine player.
- N. George**.—Plays a good wristy game, is accurate, serves and volleys well; his game is characterised by neatness rather than severity, but he is capable of making good winning strokes.
- C. Hooper**.—Has a capacity for getting the ball back, often unexpectedly; plays a sound game both in defence and attack; drives deeply and volleys and places accurately. With experience should make a first-class player.
- W. Henderson**.—Works hard but is skilled in defence rather than attack; has much to learn in serving, placing and volleying; is better off the ground than in the air; another season's practice should make him a much-improved player.

CRICKET NOTES

The prospects for this season have not opened very brightly, as only one team besides ourselves has been formed—namely, the Alberts A. A match with this team has been arranged, and so far this seems to be about the only match that will be played, besides the two Chelmsford Cup matches, which have been fixed for the week after the Senior.

Matches with Gatton and Southport were to be arranged for, but owing to lack of spare Saturdays and other hindrances they probably will not be played. This season's team will be much the same as last season. Our

late Captain—Barbour, and also Warry, have left; but we have been fortunate to obtain one of the Toowoomba team—Martin.

The First practice team were looking forward to this season to be able to practise on the two new turf wickets which are being laid down on the sports field, but owing to lack of rain the grass did not come through the turf quickly enough, and it is now doubtful whether the team will play on them this half season.

These fine practice wickets would no doubt have considerably improved most of the team, as we have had the disadvantage of having to practise on concrete wickets and then play our matches on turf.

Last season the School Grade Association was so unsatisfactorily managed that this season we have decided to have nothing to do with the Association.

The school has been divided up into 6 teams of thirteen players aside, and a series of fixtures have been arranged for them. Mr. Kerr has kindly promised to present two cricket bats—one to the most successful batsman, and one to the best bowler.

The winning team has also been promised a half-holiday towards the end of the quarter. So far the competition has been good, and several boys have made large scores, notably Kingston, who has an average of 187.

THE ANNUAL SPORTS—SEPT. 15th.

It is not often that our Sports are marred by rain, but this year an exceptionally heavy downpour just before the Sports were to begin covered the ground with a sheet of water, which made jumping and even running, impossible. It was decided, therefore, to postpone the Sports until the next week, and so the programme of events arranged for Saturday was completed on the following Monday afternoon. The refreshment part of the programme however, by a temporary abatement of training rules, was not allowed to lapse, and the rapid disposal of fruit-salads and other perishables probably compensated the ladies of the Khaki Tea Rooms for their time and trouble.

As usual, the competition was keen and interest was sustained to the end of the programme. A few spectators turned up in spite of short notice. Form VI. won the Form Cup rather easily; their increased numbers this

year gave them a better chance than they have generally had. There was an exceptionally keen struggle for the Senior Championship. In the end, Pettigrew and A. Foote tied for first place. Foote placed himself in a sound position by winning the Cricket Ball throw, and the Hurdles, made a bold bid for first place, and eventually drew level by means of seconds. The competition for the Junior Championship was also very close. It was won by Hunt, but Reilly also deserves commendation for his fine win in the 440, and McKee for his excellent high and broad jumping.

Other notable performers were George, Fisher, H. Williams, and Marshall in the open events, while in the handicaps, M. Williams ran a very good race in the Mile. The Tug-of-war between Dayboys and Boarders was declared a draw after two strenuous pulls. The long duration of each pull clearly goes to show that the custom, which has grown up, of digging in is useless, and ought to be abolished. Besides, it is contrary to all rules of the game.

Without boasting, we can congratulate ourselves on one more successful meeting. The prizes won will be distributed at a later date. Appended are the detailed results.

Detailed Results:—

- Mile Championship: 1, Pettigrew; 2, Marshall; 3, Fisher, G. Time, 5 mins. 15 $\frac{3}{5}$ secs.
- Throwing Cricket Ball: 1, Foote, A.; 2, Pettigrew; 3, Pacey. 82 yards 1 foot.
- 440 Yards Championship (Senior): 1, Pettigrew; 2, A. Foote; 3, Burton. Time, 57 $\frac{2}{5}$ secs.
- 440 Yards Championship (Junior): 1, Reilly; 2, Ball; 3, Easton. Time, 63 $\frac{4}{5}$ secs.
- 100 Yards Handicap (Senior): 1, H. Williams; 2, A. Foote; 3, Frederich. Time, 10 secs.
- 100 Yards Handicap (Junior): 1, Easton; 2, Perkins; 3, Hunt.
- Broad Jump (Senior): 1, George; 2, Pardoe; 3, Fisher; 18ft. 1 $\frac{1}{2}$ ins.
- Broad Jump (Junior): 1, McKee; 2, Easton; 3, Hunt; 16ft. 10 in.
- 100 Yards Championship (Senior): 1, H. Williams; 2, A. Foote; 3, Pettigrew. Time, 10 $\frac{2}{5}$ secs.
- 100 Yards Championship (Junior): 1, Hunt; 2, Yarad; 3, Reilly.

Time, 10 $\frac{4}{5}$ secs.

High Jump (Senior): 1, Fisher; 2, George; 3, Cameron, D. A.; 5 ft.

High Jump (Junior): 1, McKee; 2, Easton; 3, Pacey; 4ft. 7ins.

220 Yards Handicap (Senior): 1, H. Williams; 2, R. Hall; 3, Foote, B. and Cameron, tie.

220 Yards Handicap (Junior): 1, Hutchins; 2, Hunt; 3, Ball and Easton, tie. Time, 26 $\frac{4}{5}$ secs.

Mile Walking Handicap: 1, Kingston; 2, Hooper, C.; 3, Hooper, F. Time, 8 mins. 29 $\frac{1}{5}$ secs.

120 Yards Hurdles Championship (Senior): 1, Foote, A.; 2, George; 3, Fisher; 19 secs.

120 Yards Hurdles Championship (Junior): 1, Hunt; 2, Reilly; 3, Kingston.

80 Yards Manx Race: 1, Lewis and M. Williams; 2, Dunshea and R. Hall; 3, Douglas and Stephens.

440 Yards Handicap (Senior): 1, Kingwell; 2, Marshall; 3, Pardoe; Time. 56 $\frac{3}{5}$ secs.

440 Yards Handicap (Junior): 1, Yarad; 2, Reilly; 3, Hutchins. Time, 64 $\frac{2}{5}$ secs.

Sack Race: 1, Foote, B.; 2, Frederich; 3, Easton; Time, 24 $\frac{4}{5}$ secs.

220 Yards Footballers' Race: 1, A. Foote; 2, H. Williams; 3, C. Cribb.

Flag Race: 1, Form VI.; 2, Form Vb.; 3, Form Va. Time. 1 min. 21 $\frac{3}{5}$ secs.

Mile Handicap: 1, M. Williams; 2, Frank; 3, Lewis.

Consolation Race (Senior): 1, Henderson, R.; 2, Collyer; 3, R. Murray.

Consolation Race (Junior): 1, Edwards; 2, Shuttlewood; 3, Feuerherdt.

Tug-of-war: Drawn.

Points for Championship: Pettigrew, 14; Foote, A. J., 14; Fisher, 8 $\frac{1}{2}$; George, 8.

Points for Junior Championship: Hunt, 11; Reilly, 10; Easton, 6; McKee, 6.

Points for Form Cup: VI., 82 $\frac{1}{2}$; IVa., 43 $\frac{1}{3}$; Vb., 41; Va., 34 $\frac{5}{6}$; IVb., 23 $\frac{1}{3}$.

THE COMBINED SPORTS.

The Combined Grammar Schools' Athletic Sports took place in Brisbane on Friday, September 21st, 1917. The first event, the Broad Jump, was contested in the morning, on the Grammar School Turf, while all the others took place in the afternoon on the Exhibition ground. The detailed results are given below, and show that Brisbane Grammar School easily won first place, while our representatives were placed second, defeating Toowoomba by a narrow margin.

We showed best in the 440 and 100 yards races. The 440 especially, was a very fine race, and was won by Clarkson (Brisbane) only with difficulty from Pettigrew. The spectators were mostly of the opinion that Pettigrew could have won if there had been just a few yards further to go. Pettigrew deserves great praise for doing so well against such an opponent as Clarkson. In the 100 yards, Williams ran a fine race also, and was not far from putting us into the first place. On points the three schools scored as follows:—Toowoomba, 6; Ipswich, 15; Brisbane, 51.

Detailed Results:—

100 Yards: Clarkson (B.), 1; Williams (I.), 2; Pettigrew (I.), 3.
Time, 10 $\frac{2}{5}$ secs.

440 Yards: Clarkson (B.), 1; Pettigrew (I.), 2; Leslie (B.), 3.
Time, 53 $\frac{3}{5}$ secs.

Mile: Leslie (B.), 1; Morgenstern (T.), 2; Marshall (I.), 3. Time, 5 mins. 5 secs.

Hurdles: Anderson (B.), 1; Stewart (B.), 2; Hunter (T.), 3.

High Jump: Atthow (B.), 1; Anderson (B.), 2; Fisher (I.) 3; 5ft. 3 ins.

Broad Jump: Anderson (B.), 1; Atthow (B.), 2; Kent (T.), 3; 19ft. 9ins.

Junior 100 Yards: Collins (B.), 1; Hunt (I.), 2; Yarad (I.), 3; 11 $\frac{1}{5}$ secs.

440 Yards: Collins (B.), 1; Reilly (I.), 2; Hawkins (B.), 3. 59 $\frac{2}{5}$ secs.

High Jump: Barry (B.), 1; Easton (I.), Hamilton (T.), Hawkins (B.), equal, 2; 4 feet 8 inches.

OLD BOYS' COLUMN.

The Roll of Honour now comprises 180 names. The first Board has been quite filled, and there are several names for which there is as yet no room. Nineteen have lost their lives in their country's service; the D.S.O. has been won by 2; the M.C. by 5 (as far as we know); the M.M. by 1; many have been wounded. There is every reason to be proud of those whom we claim as our own, and who, we are sure, are not ashamed to own the relationship.

S. J. Outridge writes that he is now in the front line, having finished his training in England. He is in good health and spirits.

It was a surprise to hear so soon that "Billy" Conwell had reached the firing line, but not altogether a surprise that he won the Military Cross a few weeks after first reaching the Old World. Congratulations!

"Bill" Lane wrote some time ago from England. Several present boys wrote to him, on hearing his letter read out. We hope that their letters reached him, and that he will be pleasantly reminded of the old school.

We saw a few lines the other day in a paper:—"Lieutenant H. T. Young acquired a wound, four prisoners, the machine gun, and the Military Cross." We are proud of such men as Lieut. Young.

We are publishing in this issue photographs of Cyril and Leslie Ward. They are splendid likenesses and they take some of us back in the spirit to the days when these boys sat at the old school desks and played on the gravelly school grounds. We offer our deep, heartfelt sympathy to Mr. and Mrs. Ward in the loss of their two splendid sons. But our feelings contain more than sympathy; we envy those who had such boys to give; and we are proud that we, too, may, in a real sense, call them our boys.

The appreciations of Cyril and Leslie Ward, printed on another page, have not only literary merit, but the stamp of truth

Early in October the news was received that Len Foote had been dangerously wounded by a gunshot in the chest. It was a great relief to learn, later, that Len was out of danger, and progressing well. There are many Old Boys who remember how much the school is indebted to Len Foote; in his time he was the life and soul of almost every school-activity, and set an example of public spirit which has rarely been excelled. We hope to see him back again quite restored to health and strength after his long and splendid service at the front.

*2 sons
gone.*

Quite recently we learned that Noel Ridgway and C. W. Wehl were killed at the front, while serving their country on our behalf. No word had reached us previously of their having enlisted. We hereby extend our hearty sympathy to their relatives, in their sad loss; all that we can, we shall do, to keep in memory the heroism and the sacrifice of these brave boys, by inscribing their names on the Roll of honour among so many others.

It is very pleasing to see that the following were mentioned by Field Marshall Sir D. Haig, for gallant services and devotion to duty:—Lieut. E. C. Cribb, Major (now Lieut.-Col.) A. G. Butler, D.S.O., Captain (now Major) P. J. Savage.

Sapper Eric Jack Clowes reached England safely on 21st July last.

Mr. J. V. Francis lately received a cable to the effect that Lieut. Eric Francis has been detailed for service in England, after a second period in France lasting five months.

Post Card from Lieut. G. Wood:—Lieut. Wood left school in Dec., 1894, and after a successful University career at Melbourne University, became an able and very popular schoolmaster at Scotch College, Melbourne. He writes from France, over the date 8/8/17:—

“Just a line to report that I am still going strong, and in the best of health. Am now first Lieutenant, and quite an old soldier. As yet I have not met any Old Grammar boys as they are in another Division. We shall all be glad when we are through and get on the return journey. Kind regards.—George Wood.”

Roy B. Cribb has arrived safely in England. We are sorry to hear that his brother. Herb. Cribb, has been wounded.

We congratulate Raymond A. Dart on the successful conclusion of a brilliant academic career. He will be remembered by many as having won a scholarship from Blenheim State School, and having passed through the Grammar School to the University of Queensland, where he graduated in Science in 1914. He then went on to Sydney to study medicine. In 1915 he was appointed lecturer in Zoology and Botany in St. Andrew's College. In 1916 he took his M.Sc. degree in Queensland University. At the beginning of the present year he became a demonstrator of Anatomy in the Sydney Medical School, and since June last he has acted as Senior Tutor and Vice Principal of St. Andrew's, continuing these offices while completing his medical course. Dr. Dart has enlisted for service in the R.A.M.C.

Many recent boys will be interested in the following letter from W. E. Lane:—

Rolleston Camp, 21/4/1917.

Dear Mr. Kerr,—

We arrived in England on the 12th of April, but this is the first opportunity I have had to write you these few lines. We had a glorious trip over, the sea was calm all the way except on two occasions, then it was very rough. A good few of the lads were sea-sick, but I was lucky enough not to have even the slightest symptoms of it. When we got off the boat it was just beginning to snow. While we were in the train we had a snow fight, which was alright until some snow got down your neck and began to melt. After we got out of the train we had to march seven miles and carry our packs. It would not have been so bad only we had empty stomachs, and no chance of filling them until we got to the camp.

Well, we struggled on, and at last arrived here. It was then about half-past three in the morning. They gave us a cup of tea and some biscuits, and told us to be on parade at seven o'clock in the morning. We were not too long in getting to sleep once we were inside the hut, but at seven o'clock we could hardly move. I managed to get out on parade somehow. After I had been standing there for a while I very near got a sweat up from shivering. We are now getting used to it, although most of us are still suffering from swollen feet.

After I had been here a few days who should I run across but Sel. Outridge. I did not know him at first, he is that fat, but I knew it was him when someone called him "Outy." He seemed as pleased to meet me as I was to meet him. As soon as parade was over that day we went and had a good old yarn. We could not tell each other all we wanted to that night, so on Sunday we went down to Shrewton, a little village about two miles from the camp. Shrewton is a very old-fashioned place with its little brook running through it. We sat by the side of the brook and told our yarns until it was nearly dark. Our news was just about exhausted by that time, so we went and had a good meal, and went back to camp. Sel. is now on his leave, so I have not seen him for a couple of days. He is in my company, but will be sent to France a good while before me. I would like to go with him, but that is impossible, as I will not have completed my training.

We were received by the King the other day. It was a grand affair, and one which I would not have missed for anything. We had a long march before we got there. Some of the chaps got

too sore-footed and had to fall out, but I managed to hang out, although I was going to fall out several times. Coming over on the boat I met Colin Barbour's brother. We soon became great friends, and now are like two brothers. He is a grand fellow, can give a joke and take one. We both went over to Larkhill camp to see some chaps. I met a young fellow named Cameron, who used to go to your school. His father used to manage the N.S.W. bank.

You must excuse the dirt and the scribble. If you only saw the position I am in you would understand. I am sitting on a coal heap for a stool, and using my legs for the desk, but if I get no worse than that I will have no cause to grumble. I should not grumble at the treatment I have had, seeing that when I came away I was 9 stone 2 lbs., and now I am 10 stone 1 lb., so that is not too bad, is it? The job I am now on is not too bad, it is stoking the boiler to keep the water hot for the showers. Please remember me to all the lads and tell anyone who has five minutes to spare, to drop me a line, because it is the most welcome thing anyone can send a soldier. Well, good-bye. and good luck for the present. I remain, yours sincerely,

W. E. LANE.

Congratulations to Eric Hargreaves on passing the Surveyor's Examinations; to Roy Wilson, on passing 3rd year Medicine; to Fred Foote, on completing his 2nd year Dentistry; to E. J. Stanley, on winning the Archibald Scholarship; to Waldie Fisher, on gaining a travelling scholarship.

The following letters from W. H. Bryan and W. G. Fisher were received soon after last Magazine went to press, and so are rather belated:—

France, 23/4/1917

Dear Mr. Kerr,—

Very many thanks for your letter of 31st December, which only reached me about two weeks ago, after a somewhat round-about journey. It was pleasant indeed to hear from you, and the photograph of the old school at the head of the paper brought back to me a host of happy memories, for if anyone enjoyed his school days it was I. Perhaps if I had indulged in a little serious reflection occasionally in those days, it would have been to my material benefit—but then, the guilt would have disappeared from the ginger bread.

I am anxiously looking forward to the I.G.S. Magazine. If there is one thing which more than any other, binds the old boy to his school, it is his school Magazine. I have come across surprisingly few of our old boys, but I must put down that fact not to their rarity, but to my ill-fortune. However, I have renewed one old acquaintance at least within the last few days, that with Albert (Doc.) Dunlop, now a Major in the A.A.M.C. He was for a long time M.O. with one of the battalions, and as he puts it, "saw quite a lot of fun." He is now in charge of a Casualty Clearing Station.

A number of old boys are I believe in the third Division, but so far we have had no opportunity of meeting them. When the chance does occur, I hope to be able to find quite a lot of them.

We are at last experiencing fairly decent weather, and I think we deserve it. For, after an exceptionally severe winter, we have had forced upon us a spring in which, while the expected "March winds and April showers certainly predominated, we also had a good sprinkling of January snows and February frosts." We are all—as you may imagine—watching the weather anxiously, and hoping that the last few days of sunshine are only the forerunners of a long fine summer. Things have gone so well this year, that we are one and all, wildly optimistic and feel that, given decent weather, we will give Fritz a proper licking.

I must now close by wishing prosperity to the old school and every happiness to Mrs. Kerr and yourself.—I am, yours sincerely,

W. H. BYRAN.

"B." Coy., 42nd B'n., A.I.F., France, 12/4/17.

Dear Mr. Kerr,—

As a correspondent of integrity with regard to time and punctuality I am a dismal failure. I always get news of the school from Gordon of course—it is one of the most interesting subjects in which my correspondents keep me informed. The last Junior results are quite gratifying I think, are they not? How may Mrs. Kerr, yourself, and the staff be progressing? I hope sincerely you all are in the best of health and prosperity. I have been here in the trenches at base and billets for four months now at date of writing—for two months I have held my commission. They don't give out the age limit stunt over here at all. So it comes about that at the time of writing I'm sitting behind a few delapidated sandbags, and bits of tin, overseeing the labours of my

platoon. They, my men, are draining some trenches. Fritz is over the way, about seventy yards off, but to-day he is quite tame. Of course he's throwing shells about—he blew the hat off one of my Corporals a few minutes since. But shells are too much an everyday occurrence to mind, except, of course, when they hit you. I stopped a tiny bit the other morning, when the Hun disturbed my rest by blowing off the roof of my dug-out, which was in the front line as usual. I came out to see who was knocking it about, and a bit of H.E. got my leg. Quite alright though. My men have just brought me some souvenirs—buttons and badges from some unknown buried soldiers whom they dug up while cutting drains. We've turned up three this morning already—there are a lot about here—much fierce fighting has this spot seen in months that are gone. It is a very famous place, and we now hold—Censor, of course, will not pass its name. But you've doubtless often seen pictures and maps of it a long time since. Our artillery have just opened up on Fritz—miles away I can hear the bursting roar of the shells.

Two nights ago the Hun tried to raid us. At about midnight he opened out with his artillery on us, and I got up and pulled my boots on, and went outside. No Man's Land was a desolate snow-covered waste—full of shell-holes, and barbed wire. It was hard to see anything far off, but our machine gunners soon had a fine target. About eighty of the enemy attempted to steal in on us—but we saw their dark figures crossing the forbidden land, and straightaway the machine guns snarled in a rising chorus of sound—they will never see the Fatherland again—mortui sunt. He left many dead in No Man's Land—we lost not a one. A sudden heavy bombardment has broken out down the line—there is much doing these days—a great stirring among the armies—and the footsteps of great deeds are heard among the hills. From where I sit I can see a great town—the second largest town of France. It is still in hostile hands, but within two months I will look at it from the other side—if my kick still holds. It is only ten miles away, and stretches for miles on the horizon, a great city as yet unpillaged and undestroyed.

Three Fritz aeroplanes have just passed overhead—scouting over our lines—the sky about them is full of shrapnel bursts—little white woolly patches and just like a flock of sheep for all the world. We see hundreds of them a week, ours and others, and often I have witnessed fierce and thrilling fights in the air. Three nights ago, one of ours was brought down just above us—we saw the whole contest. A squadron of ours was returning from a raid

and right above them, thousands of feet up, flew six Huns, intent on revenge. One of our machines was crippled and flew with less speed than the others. and her, five enemy 'planes attacked. Ours wheeled and dived and banked and fired, and the five drew off—defeated. But two speedy enemy 'planes had come up from a flank. Slowly our 'plane turned and fired on the one—but at the moment of turning the other dived straight at her, pouring in a heavy fire. A thin streak of smoke, thicker, thicker, and then a sudden burst of flame, and our machine fell—game to the last. For the pilot kept her right side up, and she descended in our lines. But of the two airman all that we found were a few buttons of the tunics. But they were brave and doubly brave.

I must go and collect my scattered platoon, and take them back to our dug-outs. Should opportunity be present, and fortune favour me, I will write you again. Please remember me to all friends and accept my kindest regards to Mrs. Kerr and yourself.—Yours sincerely,

WALDIE FISHER (Lieut.)

7th August, 1917.

Dear Mr. Kerr,—

I fully intended coming to see you before leaving Queensland, but as our notice was so very short I did not have time. We have now been on the water three weeks, and are nearing Durban, so I am eagerly looking forward to the prospect of going ashore again. We landed for a few hours at Albany, after a very rough trip across the "Bight."

There were two Ipswich Grammar "Old" Boys besides myself in the reinforcement, but Fleischmann was sent on ahead. Hancock is with me, and we both had a pleasant month's holiday in Sydney, before embarking.

Our transport is a fine sea-boat, and has behaved splendidly during the recent rough weather. Besides troops to the number of twelve hundred, she is carrying a most valuable cargo of lead, copper, meat, and wool.

Food on board is very good, much better than we anticipated, and we are treated to quite a variety of dishes.

We have one case of that dreaded disease, Cerebro-spinal Meningitis aboard, which has given the A.M.C. quite a lot of work, as it is necessary to spray the nostrils and throats of the whole of the troops daily. This is no small task. under somewhat difficult conditions.

LIEUT. L. A. WARD

LIEUT. C. C. WARD

There are two Protestant Chaplains aboard, Presbyterian and Congregational, and one R.C. Padre. Church parade on Sunday morning is an impressive scene, and very well attended by all units.

Whilst coming from the dispensary one day last week, I heard a familiar voice, and on turning around recognised Corp. Gorrie, an old I.G.S. master. He was delighted to meet someone from Ipswich and talked about our old school for a considerable time. Since leaving Ipswich he has been teaching at Geelong and Goulbourn, and informed me that he has been married five years. He wished to be kindly remembered to you, and the I.G.S. masters. After leaving Durban we will have a somewhat exciting time, so we are told, at present we are without lights after sunset.

Hancock joins me in sending kind regards to you, and our old masters at the I.G.S., and hoping it will not be long before we are back in the old town.—I remain, your old pupil.

E. H. PALMER.

CYRIL WARD.

On 8th March last, in France. Lieutenant Cyril C. Ward died of wounds. This means another name for the old school's roll of honour. In no place do fellows get to know one another as they do in a good school. And I first came to know Ward properly beneath

“Ye gleaming towers and grey old walls
That crown the well-known hill.”

That must be some fifteen years and more ago. The friendship begun then remain unbroken to the end. That is my only qualification for saying a word or two about Cyril Ward. I knew him well.

It was at that time that football was rediscovered at the school and we even dared to play Brisbane. Even the attempt was a feat in those days. In the team that took the field we both had a place. Though Ipswich was unmercifully beaten. What of that? Anyone can play a winning game.

Later on we were associated as teachers in the Department of Education, working side by side, and taking our holidays for the most part together. Cyril always played the game whatever it happened to be—pulling an oar against the tide at Southport, making a valiant effort to clean up the tent in preparation of the visit of ladies (he was always an admirable host), or living at the rate of £1,000 a year for a week in Hobart or Sydney. I wouldn't forget even one of the follies. They were harmless in all conscience seeing that they were clean.

His was a Catholic spirit with interests wide and varied. He played a good game of football, and knew something of tennis. He was an officer of cadets for several years. When he was attending lectures at the University he kept it by training on the river. But the interests of Cyril Ward were higher than the excellency of sport. He commanded a sound knowledge of English literature, and when he liked could write in no mean way. I have seen worse printed. He received true poetry with the appreciation of a sensitive mind, which also revealed itself in his love of music. One of the memories left to a few friends is the memory of Traumerci as he played it in a little country church some years ago.

The time came when he went North, and I went South. The last time I saw him he was going West. No one who knew Cyril Ward was surprised when he enlisted. He gave in his name at Ayr, and went into camp as a private, although he had several years to his credit as a Lieutenant. He left with the 26th Battalion of Infantry in May, 1915. September of the same year found him on Gallipoli, and there he stayed until the evacuation, going to France in March, 1916.

He had now been Acting-Sergeant-Major for some time. The last year of his life—the height of his life—was spent in France with a brief furlough to England and Scotland. During the last six months he held the commission which he had so fairly won. Before me, as I write, is General Birdwood's letter to Ward congratulating him upon the Military Cross awarded for conspicuous gallantry. The General writes: "Your resource and courage are deserving of all praise." However, some days before this was written, Lieut. Cyril Ward was beyond the commendations of men.

It is fitting in a way that he should be buried in France, the home "of gallant men, of men of honour and of cavaliers." There was with him to the last "that sensibility of principle, that chastity of honour, which felt a stain like a wound." One of his favourite books was "The Tale of Two Cities." About a dozen years ago at a literary club, I heard Cyril read an essay on Friendship. He illustrated from Dickens' portraiture of Sydney Carton. The other night I saw the book in dramatic form. All the evening the thought of Cyril Ward kept coming to my mind. Everyone knows how the book ends; it was his end too.

"It is a far, far better thing I do than I have ever done, a far, far better rest I go to than I have ever known."

R. B.

DEATH OF LIEUT. WOOD.

News has been received of the death through wounds received in battle of Lieut. George Wood, a distinguished old boy of the Ipswich Grammar School. George Wood won the Queensland Exhibition, became a student of the Melbourne University at the beginning of 1895, and later took the degree of Master of Arts with honours in Classics. He was not only a scholar of versatile genius, but a leader in all social matters, and was a very popular member of Ormond College. For many years he was an assistant master at Scotch College, Melbourne, and exerted a fine influence upon many generations of boys in that great boarding school. He was loved and honoured by his pupils and trusted by all. There are many old Grammar School boys who will remember him in the early nineties. There are many of the younger men of Victoria who owe a great deal to him, and who will deeply regret that the call of duty has for him been the call to the supreme sacrifice. Lieut. Wood enlisted from Victoria, and was an old college mate of the present head master of the Grammar School

GEORGE WOOD

(Died in France, 1917.)

One more of our Comrades who has gloriously passed into the dim shadows. A brilliant scholar, consistently head of his form, and a Queensland Exhibitioner. In himself, he was one of the finest little chaps that ever breathed. His memory will ever remain green to a little band of five other boys who were his classmates for three years. Vale!

—By One of the Five—H. G. Simpson.

Senator W. J. Maughan's eldest son, Lieut. Colin Maughan, is in England. His second son, Harold, who has been with the Flying Corps in Palestine for the past year, recently passed his examination for a commission, and is still in Egypt. The third son, Signaller D. Maughan, is still with a Howitzer battery, and for the past year has been in the thick of the fighting.

With great regret we notice that the death is reported of Roy C. Caston. Our sympathy is extended to his relatives in their loss, which is ours also.

We also saw in the list of killed, the name of H. D. Tidswell, and believe that it refers to an old boy from 1901, affectionately remembered as "Snoozer." We honour his memory as that of a brave man who did his duty.

Sid Gill, we hear, has been wounded, but not severely. We hope that both he and Harry will soon be quite themselves again.

Mrs. Eckersley, we note, has received a cable from her husband, Major P. A. M. Eckersley, that he is quite well and safe.

France, 8/9..17.

Dear Mr. Kerr:

Just a line to congratulate you on winning the football against Toowoomba. It is the best news I have had for some time back. Stan told me about the match in his last letter. I do hope I will get the far better news of the school winning the Cup. I think I congratulated you on Bobby Hall's success; if not, please accept my heartiest. I tried to get along to see Waldy Fisher the other day, but did not manage it. He has his commission now. I believe Berney H. Smith has left for active service. The very best of luck to him. It is a pity that he did not join a technical unit so that he would have a chance of exercising his ability. I saw Len Foote; he is an officer now and looking very well. Knowles I believe is about to receive his commission too. I believe Byron Watkins has gone back to Australia. I have not had a letter from any of the staff. Please stir them up. I hope Mrs. Kerr and yourself are well. I am feeling O.K. at present, the result of 10 days' very nice leave in "Blighty." My very best wishes to the staff, Mrs. Kerr and yourself, from

ERIC FRANCIS.

LIEUT. L. A. WARD.

This brief sketch and appreciation of Les. Ward will be, I feel certain, endorsed by all his fellow school mates of the old school, as well as his numerous friends. I write not entirely as an individual but as the voice of those who came in contact with him during the three years of his school life at the I.G.S. Entering the school at the same time, and in the same form, as Les, I was in constant touch with him from 1908 to 1910, and during that time he left an impression which will be hard to erase. Keen at work, keen at sport, his name is to be found running through the pages of the magazine during his three years of I.G.S. life. His amiable manner, really wit and genial way were always conspicuous wherever he went, but never once did he display the slightest signs of anger. Even his impositions he accepted cheerily, like a true "sport"; they may have been well merited, but they were certainly infrequent. As a district scholarship holder, he entered the school, and left with a Sydney Junior Matriculation pass. After

leaving school he took up dentistry under Mr. Barnett, and was so successful that when he left for the Front he had only his final examination to face, and certain would have been the result.

At sport he was equally successful, and had secured his "First Fifteen" and "First Eleven" colours, quite an enviable distinction. As a footballer he was a sound forward, and as a cricketer he was conspicuous for his left-hand bowling. He could handle a racquet with confidence, and a rifle with ease.

Then again, comes that third phase of public school life which Mr. Cecil Rhodes has called "leadership." Perhaps leadership is the finest of the three sides of school life and after life, because a leader is bound to have a good sporting instinct and a keen intellect. Les Ward was a leader in the true sense of the word, morally, intellectually, and otherwise. This leadership was shown in his ability to lead his section as sergeant, and later at the Front as lieutenant. What finer reply could be made than his when the possibility of death was referred to by his father, "What more noble death could a man die, than to die for his country?" He was ever keen on enlisting, and although he volunteered at the beginning he was not accepted owing to his being O/C at Ipswich. When he finally was accepted, he entered as a private, but prior to sailing was a lieutenant. He left on May 4th, 1916, with the 13th reinforcements of 26th battalion, and landed in Egypt. After a short spell there he went to France, taking part in several engagements, in which he displayed the coolness and calmness characteristic of a much older man. He was reported missing on 14th November, 1916, and in August, 1917, officially listed as killed.

So Les Ward has gone to join that band of heroes of never-dying fame, cut off before the full force of his character and personality was felt. We all grieve the loss of one of such sterling qualities and high ideals, who endeared himself to each and all. "Ours is the loss and his the gain."—One of his school mates,

S. BYRON WATKINS.

COPY OF LETTER TO CYRIL WARD FROM GENERAL
BIRDWOOD.

1st Anzac Corps, 31st March, 1917.

Dear Ward:

This is a line to congratulate you most heartily upon the Military Cross which has been awarded to you for your conspicuous gallantry in the attack on Malt Trench on the night of 1st March.

Your resource and courage during all the fierce fighting in which you were then engaged are deserving of all praise, while your clear and concise report on the situation, to your headquarters, were of the greatest value.

I much regret to hear that you have since been wounded, and I trust that you are making good progress. With all good wishes for the future.—Yours sincerely,

(signed) W. N. BIRDWOOD.

The three brothers, Jim, Will, and Dick Hogg were at school together in Mr. Flint's time. All three enlisted early in the war, and have done their duty manfully. Jim was killed leading a charge near Messines. Will has returned with one eye blinded. Dick is still fighting, probably somewhere near Jerusalem. In the course of a short and interesting conversation with Will, the writer heard personal news of quite a number of old boys. Will had met Horace Weller, Archie Wilson, Donald Macdonald, Albert Dunlop, Harry Field, "Tiny" McAllister (who was killed early on Gallipoli). One little incident is worth telling; on being wounded in the heel, Will was making his way down to the beach; the doctor shouted to someone to help him, and whose face should appear but that of "Shirtie" Foote! One can imagine the feelings of the two old Grammarians. Will also met Ashley Lord, another of our boys who lost his life on Gallipoli.

* * * *

We hope that returned Old Boys will try to make it convenient to let us know of their return, as we are very interested in their doings and their welfare.

* * * *

Just as we go to print we hear, with pride, that another Old Boy, Eric Cribb, has won the Military Cross. Bravo! Also we note that Jim Hoare has been wounded and gassed. We hope that all will go well with him.

* * * *

Our congratulations also are due to Alf. McCulloch for having passed his year in Engineering with four merits and three passes; to H. McCulloch for a B.Sc. degree, to Eric Gee for passing a year in Science, to J. T. Henry for success in his year.

* * * *

Some time ago we heard a report that Jack Stranghair had been killed. It is gratifying to learn that he is well and safe. He was in hospital for some time, but was convalescent, and

wrote from No. 2 Command depot, Hertford, England. He had been having a "royal" time, dining at Windsor with the King and Queen, and Princess Mary, at Windsor.

IPSWICH GRAMMAR SCHOOL.
OLD BOYS' ASSOCIATION.

The annual meeting of the Ipswich Grammar School Old Boys' Association was held in Cameron's rooms, last evening. The President (Mr. S. H. Harding) occupied the chair, and there were also present—Ald. P. W. Cameron (Mayor), Messrs. R. A. Kerr, M.A., B.Sc. (patron), F. E. Meyer, M.A., A. H. Shuttlewood, H.T., and C. W. Hooper, H. M. Scott, W. C. H. Kilner, H. V. Gibbs, W. Cameron, B.A., H. G. Simpson, H. Heiner, A. Fittock, K. Barnett, H. B. Haigh, Grimley, D. Muller (treasurer), and W. E. Hargreaves (secretary, pro. tem.). Apologies were received from Messrs. R. C. Ward (secretary), and J. Hargreaves.

ANNUAL REPORT.

The annual report was read as follows:—

The year has not been marked by any events of a social nature, as it was thought fitting two years ago to curtail these functions in view of the fact that the great war was overshadowing the home of old boys generally. Indeed, so great has been the response of old boys to the call to arms, that it is extremely doubtful if any but the annual meeting and dinner would be successful. It has been recognised by the married men and those others who cannot go to the front that upon them devolves the duty of keeping the association alive. This will be readily understood when it is pointed out that those old boys who have enlisted are not called upon for subscriptions, and the fact that during the year we have received upwards of £40 in subscriptions as against £18 12s. 6d. last year. The honour board was unveiled at the school last prize day, and is a memorial for all time of our noble defenders of liberty and justice. At the last annual meeting it was decided that the incoming council should have power to dispose of the £118 7s. 3d. in hand for the improvement of the sports ground, and any other money that was received for the same object. With this motion in view, and with the advice of Mr. R. A. Kerr, and Mr. F. E. Meyer, the council decided to lay down two half-turf practice wickets, on the grounds, and lay the water up to them. These wickets are being prepared by Mr. J. Farquhar, of Goodna, and are now nearing completion, the cost being

£37 for laying wickets, and £7 2s. 6d. for water service. It is hoped that in the near future the way may be opened for a turf match wicket on the ground, and a new pavilion. The school magazine, owing to the efforts of Mr. Kerr, and the magazine staff, is now designed to be of greater interest to old boys, at the front, and, wherever possible, the books are addressed direct to France, or elsewhere. The annual cricket match, Old Boys v. Present, was won by the presents by 43 runs on the first innings. The teams were entertained at the school during the day. Mr. C. W. Hooper returned thanks to Mr. and Mrs. Kerr on behalf of the visitors. Meetings of the council were held during the year, and the attendances were as follows:—P. W. Cameron, 2; S. Francis, 2; Gibbs, 3; Hargreaves, 2; Muller, 4; Whitehead, 1; Ferrett, 2; Meyer, 2; Ward, 4.

The report was adopted.

FINANCIAL STATEMENT.

The treasurer submitted a financial statement, which showed a credit balance of £45 in the ordinary, and a credit balance of £122 in the special jubilee memorial fund.

ELECTION OF OFFICERS.

The election of officers resulted as follows:—Patron, Mr. R. A. Kerr, M.A., B.Sc.; President, Mr. H. Ferrett; vice-president, Mr. W. E. Cameron, B.A.; secretary, Mr. A. H. Shuttlewood; treasurer, Mr. D. Muller; auditor, Mr. H. M. Scott; council, Messrs. H. G. Simpson, H. V. Gibbs, W. E. Hargreaves, W. C. H. Kilner, and F. E. Meyer (school nominee).

MISCELLANEOUS.

Motions of sympathy were recorded to the relatives of the late Mr. D. R. Rodgers and to the relatives of all old boys who had fallen in the war. It was also decided to have a record of these motions printed in the next issue of the magazine.

A hearty vote of thanks was accorded the late secretary (Mr. R. C. Ward) who had resigned owing to his leaving the city.

The late President (Mr. S. H. Harding) announced that he would tender a dinner to the association, which will be held on the 23rd of August next.

It was agreed to purchase cricket practice nets for the use of the present Grammarians' Cricket Club, the purchasing money to be taken from the jubilee memorial fund.

The meeting concluded with a vote of thanks to the chairman.

Ipswich Grammar school was established on 25th September, 1863, so that it has now passed its 54th Anniversary.

The following have given their lives in the great struggle:—

H. St. C. Yaldwyn	W. J. McAllister
N. Gibbins	J. S. Hogg
J. A. Lindsay	H. F. Wiggles
C. W. Wehl	N. R. G. Ridgway
F. G. Brown	H. J. Pettigrew
A. B. Bourke	A. Warren
W. T. S. Deacon	N. V. Foote
T. Francis	R. C. Caston.
A. C. Lord	G. Wood
C. C. Ward	L. A. Ward
O. W. Wilson	W. J. Young
J. L. Brodie	
H. K. Fowles	

ROLL OF HONOUR.

The following list has been made up from all the information available. Will anyone who notices errors or omissions, kindly inform the Editor as soon as possible?
