## SCHOOL OFFICERS, 1919.

Prefects—Day Boys—C. CRIBB, H. WILLIAMS, R. COOPER, W. HENDERSON (Seniors), H. McCULLOCH (Junior).

Boarders—C. HOOPER, J. HUNT (Seniors), C. HALL, E. STEPHENS, D. MILLS, F. YARAD (Juniors).

School Club Committee—W. HENDERSON, M. L. WILLIAMS (Joint Secs.), C. HOOPER, J. HUNT, H. WILLIAMS, C. CRIBB, H. McCULLOCH, R. COOPER.

Magazine Committee—H. WILLIAMS, R. COOPER (Editors), J. HUNT (Business Manager), and Rest of PREFECTS.

Cricket Captain—C. HOOPER.

Cricket Sub-Committee—C. HOOPER, J. HUNT.

Football Captain—J. HUNT.

Football Sub-Committee—J. HUNT, C. HOOPER.

Tennis Captain—C. HOOPER.

Tennis Sub-Committee—C. HOOPER, W. HENDERSON.

Swimming Captain—M. L. WILLIAMS.

Swimming Sub-Committee—M. L. WILLIAMS, H. WILLIAMS.

Literary Sub-Committee—R. COOPER, W. HENDERSON, C. HALL, E. STEPHENS.

## CADET CORPS, 1919.

Officer Commanding—CAPTAIN R. ROBERTSON.

### No. 9 Platoon—

Platoon Commander—C.S.M. HARLEY.

Platoon Sergeant—CORP. H. WILLIAMS.

Right Guide—CORP. E. STEPHENS.

Left Guide—CORP. K. HALL.

No. 2 Section Leader—CORP. J. HUNT.

No. 3 Section Leader—CORP. A. GLOVER.

### No. 10 Platoon—

Platoon Commander—CORP. R. COOPER.

Platoon Sergeant—CORP. W. HENDERSON.

Right Guide—CORP. M. L. WILLIAMS.

Left Guide—CORP. C. HOOPER.

No. 2 Section Leader—CORP. H. McCULLOCH.

No. 3 Section Leader—CORP. J. WALMSLEY.

Coy. Sergt.-Major—CORP. C. CRIBB.

## EDITORIAL.

Another year is moving forward. The close of last year caused serious losses in our ranks, affecting both the classroom and the sports-field. Regarding this latter, we would take the opportunity of urging all, especially the younger boys, to bestir themselves, and take an enthusiastic interest in sport. Let them never forget that they are to uphold the honour of the school in the near future. They can only achieve this by steadily fitting themselves now, and so we urge them, both for their own sakes, and for the sake of the school, honestly to endeavour to improve themselves in the field.

Our regrets at losing many of our mates are mingled with pleasure at the fact that the majority have left us, only to go higher in their scholastic careers. We heartily congratulate all who were successful in the recent exams., and wish them success in the future. We feel confident that the good name of the school is in safe keeping.

An event which caused us genuine sorrow, especially the older boys, was the resignation of Mr. F. E. Meyer, as a Master of the school. During his period on the staff, Mr. Meyer was able to win our honour and respect in a way in which few masters can. His complete understanding of a

boy's character, his justice, and extreme fairness, coupled with the keen interest he took in sport, endeared him to us in no uncertain manner. Although we are extremely sorry to lose him, we heartily congratulate him on his new appointment, and trust that he will continue to have a happy and prosperous career.

Since the appearance of the last Magazine, a much-needed addition has been made to our teaching staff, Mr. R. Graff, B.Sc., having taken up duties as a boarding master. We extend to him our heartiest welcome, and hope he will have no cause to regret the step he has taken in joining the staff. We have already, notwithstanding our short acquaintance, formed the opinion that he is "dinkum stuff," and a real sport; we believe that there will be no cause to alter our opinion.

Let us conclude by again urging all to take a keen and abiding interest in school life, both in education and in sport. We are only here a short time, so let us make the best of our opportunities, take advantage of all benefits offered by school life, but give to our utmost in return, by endeavouring to build up and sustain an honourable and lasting reputation for the school in all branches of life.

---

### SPEECH DAY.

---

The Annual Speech Day was celebrated at the School on December 5th. His Excellency the Governor, Sir Hamilton Goold-Adams, and Lady Goold-Adams, were present to distribute the prizes. Dr. Cameron, Chairman of Trustees, presided. Among the Old Boys present was Dr. Graham Butler, D.S.O.

Dr. Cameron, in opening the proceedings, commented on the general progress of the school, notwithstanding its being hampered by a shortage of two masters from the staff. He also expressed, on behalf of the Trustees, their thanks to Mr. F. E. Meyer, who was leaving the school, for his excellent work while on the staff.

The Head Master then read his report, and his Excellency distributed the prizes, subsequently addressing those present. He complimented the school upon the amicable re-

lations existing between masters and pupils. He said he was pleased to notice in the report the appreciation of the work of the staff, which was working under such difficulties. It was also very pleasing to see that Mr. Kerr was so well satisfied with the tone of the school and the manner in which the boys had accepted their responsibilities in that connection. In concluding, he gave the scholars some valuable advice as to their life in the world after leaving school.

His Excellency next unveiled the new section of the "Roll of Honour," after which cheers were given for the men whose names were on the new panel, and also for those on the other section of the honour-board.

The Head Master, on behalf of the boys, then presented Mr. F. E. Meyer (who was appointed Head Master of Maryborough Grammar School) with a case of fruit knives and forks and a silver meat cover. Mr. Kerr said he knew that he could not express all that was in the hearts of the boys. The relationship between Mr. Meyer and the boys had been of the very closest, and good feeling had always existed between them. He had the affection, as well as the honour and respect, of every boy in the school. Mr. Kerr said he was exceedingly sorry Mr. Meyer was going away, but they were pleased, however, that he was going to fulfil those duties for which he was so eminently fitted.

Cheers were given for Mr. Meyer by the boys, and they lustily sang "For he's a jolly good fellow."

Mr. Meyer, in returning thanks, said this was the second time he had said "good-bye" to the old school. About 18 years ago he had said "good-bye" to his old master, Mr. Donald Cameron, who was leaving after many years of service. At the time he had said he was sure the Head Master's spirit would animate the school, for all time, and he believed it was doing so now. Personally, he knew that if he followed up what he had been taught then, he was bound to be successful. He had found that the majority of boys had a fine spirit of justice, and he had always tried to temper that with mercy. The members of the staff had always been a happy family, and he believed that this had done much to bring about the success they had achieved. He expressed good wishes to the boys and the school generally.

The ceremony was concluded with the usual cheers and mutual celebrations.

Appended are the Head Master's report and list of prize-winners:—

### HEAD MASTER'S REPORT FOR 1918.

Your Excellency, Lady Gould-Adams, Mr. Chairman, Ladies and Gentlemen,—

I have the honour to present my report for 1918, the 55th year of this School's life, and in many ways the record year.

**Statistics.**—The average enrolment last year was 126. For the first half of this year it was 145, for the second half 175. At present we have 103 State Scholars, 15 District Scholars, 9 Trustees' Scholars, 46 paying pupils.

The average ages of the classes range from 14 years 1 month in Form III., to 17 years 8 months in the Upper Sixth. These figures mean that we have charge of a large number of picked boys, who should be leaders of the next generation, and that our influence extends over those interesting and important years which lie between boyhood and manhood. These are the years which count most in education, and we assume, as a first principle, that much more than book learning is needed to guide their enthusiasm and activities in the right direction.

**Subjects.**—The subjects taught in school are named in our honour lists. You will see there that Greek is, for us, very nearly a dead language, while there are signs that German will quickly follow. The disappearance of German from the time-table is due, of course, to sentimental reasons, which are not hard to understand. I do not approve of it, and think it a mistake.

One hundred and twenty-eight boys are still studying Latin, and I hope that at least a year and a half of Latin will continue to be the regular thing for all boys whose brains are up to secondary standard. The effort required is not wasted, even from the point of view of the logical study of our own language, even if many do not reach the stage of literary appreciation.

Those who do not continue Latin till the Junior take Geometrical Drawing and Perspective, and some Freehand as well. One hundred and forty-six take French, and ten no language but English.

English, History, Geography, Mathematics, and Science have their due place in the syllabus, and are being well developed.

**Class Work.**—The standard of class work has been well maintained in the face of some difficulty. The large influx of scholarship boys in July, with no increase of staff, forced us to reduce our grading to some extent. The new boys formed a class of 42, much too large a number for secondary work; but they have made as good progress as most other beginners, and the extra half year which they will have before the Junior should bring them to a reasonably good standard when their testing time comes. Whitehead stands at the head of the class with a very good record.

Form IV., consisting of those who will sit for the Junior next year, has been divided into two classes, at the head of which are Bolton and George.

This year's Junior candidates comprise nearly the whole of Form V. These have worked well, and deserve to get very fair results. Of the 46 who entered, I expect about 30 to pass, some with credit. The form prizes go to Hammermaster and Frank, both of whom have earned their success. The former has made almost the highest possible score in honours.

The Lower Sixth contains some very good talent, and will carry the banner very well next year in the Senior. M'Culloch, who leads, has continued his good work, and Bryson is a very good second.

This year's Upper Sixth is not only the largest, but probably the best we have ever had. The whole 16 have sat for examination, and their results are certain to do us credit.

R. L. Hall maintains his position in the lead, and is now Dux of the school. J. R. L. Cooper has also done excellent work, and pushed Hall very hard for first place. There are many others, too, whose year has been well spent, and who deserve equal commendation, though they cannot all be first.

**Examination Results.**—Last year's examination results were far above the average. Of seven Senior candidates all passed, five won Open University Scholarships out of the 20 given in Queensland, the other two qualified for Teacher Scholarships. Amongst the seven, 29 passes and 18 merits were obtained.

Twenty-six Juniors passed, scoring a total of 35 merits and 171 passes, an average of 1.3 merits and 6.6 passes each.

H. McCulloch won for us the Byrnes Medal for the best pass in Queensland. This medal has now come to us three times in four years. Cooper and Bryson also brought us the two Thallon Medals for South Queensland. There were, besides a good number of extension Scholarships and of Civil Service Passes, both State and Commonwealth.

These results speak for themselves of one side of our work.

**Games.**—Our best boys have taken their full share in the school games. Swimming, football, tennis, athletics, cricket, gymnastics, junior and senior cadet drills have all, in their season, made their claims upon time and thought. We can safely assert that there has been no loss caused to school work; in fact, the opposite has been the case. And the games have given scope for much organising ability on the part of the leaders, and an outlet for a great deal of enthusiasm. The result has been a very successful season. The football team, especially, has a splendid record. They were easily premiers in A College grade in Brisbane. In Chelmsford Cup matches they were unbeaten. Many of you are aware that this is a rare result; in fact, we have not decisively beaten Brisbane Grammar School in football since 1895—i.e., 23 years ago. In 1915, indeed, we did actually win by 5 to nil, but chiefly because most of the Brisbane stars were absent in camp. This time we won easily by 27 to nil. The result is due in a very great measure to Fisher, whose unselfish hard work, good leadership, and able coaching well deserved success. He was well backed up by Foote and all the members of the team. Against Toowoomba we have been singularly successful, winning all the contests for the year. The Toowoomba-Ipswich Chelmsford Cup therefore comes to Ipswich for the first time since 1910. Anyone who knows how much unselfish devotion is involved in preparing for such victories, will agree with me that valuable training for the real battle of life has been gained under the cover of sport.

**Buildings.**—The increase in numbers has again compelled the Trustees to extend our accommodation. The new balcony dormitory for more than 20 boarders is now full. The 50 per cent. increase of the dining-room is hardly more

than sufficient. Both these additions are very valuable and much appreciated, as is also the new boarders' sitting-room. The number of boarders this year reached 65, an increase of 17 upon the previous maximum.

If the recent rate of growth is maintained we shall soon be faced by the necessity of erecting new class rooms. In fact, even now, it is hard to see where we are to find room for the increase of staff which we anticipate next year.

**The Staff.**—The staff has worked very loyally and efficiently under conditions of difficulty due to the war. The last six months in particular have made extra calls on them because of increased numbers. I want to thank my assistants publicly for their support. Unfortunately for us, we are now to lose Mr. Meyer, who has been with us for the past ten years. Mr. Meyer was one of the school's best products in Mr. Cameron's days. His career elsewhere has done credit to himself and the school, and his work as a master has shown him to be a man of exceptional qualifications. Boys and masters alike say good-bye to him with keen regret, though we rejoice that he is to have the chance of doing the work he is so well fitted to carry to success. I want to express my personal appreciation of his helpfulness, and to wish him all the prosperity he deserves.

**General.**—The machinery of school life has worked smoothly, with very few jars. All the usual activities have been maintained, and the general school tone is good.

Once again, and with more than usual fervour, I want to record how much we owe to our prefect system. Much responsibility has been delegated to the senior boys, and in no case has trust been misplaced or duty shirked. If there is one thing more than another which has made me feel pride and satisfaction it has been the knowledge that I could trust those who set the tone for the whole school. The school expects great things of these boys in the coming years, and if they will give their best to duty and to causes worth serving, as they have done here, we shall not be disappointed.

**Honour Roll.**—A new panel of the Roll of Honour is being opened to-day. We are proud of the part our boys have taken in the great war, and, in common with the rest of our country, we are eagerly waiting for the day when they shall return. We do not doubt that those who have done so much for us all in this necessary, but terrible and wasteful war, will do equally well in the useful arts of peace.

There are many vacant places, and we shall never forget those who have given their lives for Australia. But it rests with the boys of to-day to make Australia a country worth fighting for and dying for. There is much to be done to make our national life what it should be; we trust that our boys will never have to fight again with bayonets, but we can see equally great struggles and achievements before them in our own country. The same spirit of efficiency and self-sacrifice is needed for peace as for war. I hope and believe that the school is doing its share in kindling that spirit in successive generations of boys.

**Conclusion.**—In conclusion, I must thank your Excellency and Lady Goold-Adams for your continued kindly interest in the school, as shown in your presence here to-day.

I have also to thank the Trustees for their faithful and able guidance during the year.

And, finally, I wish you all—especially the boys—A Happy Holiday.

---

## PRIZE LIST AND HONOURS, 1918.

### Form VI. A.

Hall, R. L.: English, 1st; French, 1st; Latin, 1st; Algebra, 1st; Trigonometry, 1st; Mechanics, 1st; Geography, 1st; Chemistry, 1st; Physics, 2nd. Bowen Prize for Dux of School; Donald Cameron Prize for Mathematics.

Cooper, J. R. L.: English, 2nd; German, 1st; Latin, 2nd; Algebra, 1st; Geometry, 2nd; Trigonometry, 1st; Mechanics, 1st; Geography, 1st; Chemistry, 1st; Physics, 1st. Examination Prize.

Fisher, G. A.: English, 1st; German, 1st; Latin, 1st; Geometry, 2nd; Mechanics, 2nd; Geography, 1st; Chemistry, 1st; Physics, 2nd. Examination Prize.

Burton, H.: English, 1st; French, 1st; Latin, 1st; Trigonometry, 2nd; Mechanics, 2nd; Geography, 1st; Chemistry, 2nd; Physics, 2nd. Examination Prize.

Whitehouse, F. W.: English, 2nd; German, 1st; Mechanics, 1st; Geography, 1st; Chemistry, 1st; Physics, 1st. Examination Prize; Old Boys' Association Prize for Science.

Henderson, W. G.: English, 2nd; German, 2nd; Algebra, 2nd; Geometry, 1st; Mechanics, 2nd; Geography, 1st; Chemistry, 2nd; Physics, 1st. Examination Prize.

Outridge, L. M.: English, 2nd; German, 1st; Algebra, 2nd; Geometry, 2nd; Trigonometry, 2nd; Mechanics, 2nd; Physics, 2nd. Examination Prize.

Dunshea, R. H.: English, 2nd; German, 2nd; Trigonometry, 2nd; Mechanics, 2nd; Geography, 1st; Chemistry, 2nd; Physics, 2nd. Examination Prize.

Williams, H. G. C.: English, 2nd; French, 2nd; Mechanics, 2nd; Geography, 2nd; Physics, 1st. Examination Prize.

Foote, A. J.: English, 2nd; French, 2nd; Mechanics, 2nd; Modern History, 1st; Chemistry, 2nd. Examination Prize.

Brooks, P. O.: Modern History, 2nd.

Hooper, C. S.: German, 2nd; Modern History, 1st; Ancient History, 1st.

Cribb, C. C.: Modern History, 1st; Chemistry, 2nd.

Tite, G. J.: Modern History, 2nd.

#### Form VI. B.

M'Culloch, H.: English, 1st; French, 1st; Algebra, 1st; Geometry, 1st; Trigonometry, 1st; Mechanics, 1st; Geography, 2nd; Chemistry, 1st; Physics, 1st. Prince Alfred Prize; Byrnes Medal; Form Prize.

Bryson, A.: English, 2nd; French, 1st; Algebra, 2nd; Geometry, 1st; Trigonometry, 1st; Mechanics, 1st; Geography, 1st; Chemistry, 1st; Physics, 1st. Examination Prize.

Mills, D. V.: English, 1st; Geometry, 1st; Mechanics, 1st; Geography, 1st; Chemistry, 1st; Physics, 1st. Examination Prize.

Cooper, M.: German, 2nd; Geometry, 1st; Trigonometry, 2nd; Mechanics, 2nd; Physics, 2nd. Examination Prize.

Hall, C. T.: Geometry, 2nd; Mechanics, 2nd; Geography, 2nd; Chemistry, 2nd; Physics, 1st. Examination Prize.

Hunt, J. A.: Geometry, 1st; Trigonometry, 2nd; Mechanics, 2nd; Geography, 2nd; Chemistry, 2nd; Physics, 2nd. Examination Prize.

Stephens, E. F.: French, 2nd; Geometry, 1st; Mechanics, 2nd; Chemistry, 2nd. Examination Prize.

Yarad, F. C.: Geometry, 1st; Mechanics, 2nd; Geography, 2nd; Chemistry, 2nd; Physics, 2nd. Examination Prize.

Glover, A. J.: Geometry, 2nd; Mechanics, 1st.

Lawrie, J.: French, 2nd.

**Form V. A.**

Hammermaster, A. C.: English, 1st; French, 1st; Latin, 1st; Algebra, 1st; Geometry, 1st; Arithmetic, 1st; Modern History, 1st; Geography, 2nd; Chemistry, 1st; Physics, 1st. Form Prize.

Smith, G. H.: English, 2nd; French, 2nd; Latin, 2nd; Algebra, 1st; Geometry, 1st; Arithmetic, 1st; Modern History, 2nd; Geography, 2nd; Chemistry, 1st; Physics, 1st. Examination Prize.

Hayman, W. A.: English, 2nd; French, 1st; Latin, 1st; Modern History, 1st; Geography, 1st; Chemistry, 1st; Physics, 2nd. Examination Prize.

Williams, M. A.: Latin, 2nd; Geometry, 1st; Arithmetic, 2nd; Modern History, 2nd; Chemistry, 2nd. Examination Prize.

Lewis, D. H.: French, 2nd; Latin, 1st; Geography, 2nd. Examination Prize.

Thomas, L. R.: English, 2nd; Latin, 2nd; Chemistry, 2nd; Physics, 2nd. Examination Prize.

Wilson, C. H.: English, 2nd; French, 1st; Arithmetic, 2nd; Chemistry, 1st. Examination Prize.

Edwards, E. M.: Geometry, 2nd; Arithmetic, 1st.

Wenck, E. V. R.: Geometrical Drawing, 2nd.

Sherman, T.: Geometrical Drawing, 1st.

**Form V. B.**

Frank, J.: Algebra, 2nd; Geometry, 1st; Arithmetic, 1st; Modern History, 1st; Chemistry, 1st; Physics, 1st; Geometrical Drawing, 1st. Examination Prize.

Harris, C.: Algebra, 2nd; Arithmetic, 2nd.

Logan, J. G.: English, 2nd; Arithmetic, 2nd.

Cameron, J. C.: Algebra, 2nd.

Walmsley, J.: Chemistry, 1st; Physics, 2nd; Geometrical Drawing, 1st. Examination Prize.

Menzies, J. H.: Arithmetic, 2nd; Geometrical Drawing, 1st.

Garsden, J.: English, 2nd.

Henderson, R. C. B.: Chemistry, 2nd; Physics, 1st; Geometrical Drawing, 1st.

Owens, W. K.: French, 1st; Latin, 2nd; Algebra, 2nd.

Boulter, E. W.: Arithmetic, 2nd; Physics, 2nd.

Williams, M. L.: Modern History, 2nd.

Summerville, W. A. T.: Modern History, 2nd.

Henderson, J.: Latin, 2nd.

McKay, D. M.: Geometry, 2nd; Chemistry, 2nd; Physics, 2nd.

**Form IV. A.**

Bolton, R. S.: English Group, 1st; Language Group, 1st; Mathematics Group, 1st. Form Prize.

Hutchison, J.: English Group, 1st; Language Group, 1st; Mathematics Group, 2nd. Examination Prize.

Hall, E. J.: English Group, 1st; Science, 2nd. Examination Prize.

Davis, C. N.: English Group, 2nd.

Cameron, A. H.: English Group, 2nd.

Stewart, R. M.: English Group, 2nd.

Williams, A. M.: English Group, 2nd.

Hardy, E. A.: English Group, 2nd.

Mengel, J.: English Group, 2nd.

**Form IV. B.**

Georgé, R. L.: English Group, 2nd; Language Group, 1st; Mathematics Group, 1st; Science, 1st. Form Prize.

Watson, S. M.: English Group, 2nd; Language Group, 1st; Mathematics Group, 2nd; Science Group, 2nd. Examination Prize.

Woodhouse, C. E.: Language Group, 1st; Science, 2nd. Examination Prize.

Vorpagel, W. E.: English Group, 2nd; Mathematics Group, 2nd.

Richards, C. E. J.: English Group, 2nd.

Yarad, M. C.: English Group, 2nd; Mathematics Group, 2nd.

Whitehouse, A. D.: Mathematics Group, 2nd; Science, 2nd.

Stewart, W.: Language Group, 1st.

**Form III.**

Whitehead, I. R.: English Group, 2nd; Language Group, 1st; Mathematics Group, 2nd. Form Prize.

Winlaw, J.: English Group, 1st; Language Group, 2nd. Examination Prize.

Cochran, D.: English Group, 1st; Language Group, 1st; Mathematics Group, 2nd. Examination Prize.

Bertram, T.: English Group, 2nd; Language Group, 1st; Mathematics Group, 2nd. Examination Prize.

- Whitehouse, F. W.—Entered, April, 1914; Left, December,

1918. Passed Junior, 1916; Trustees' Extension; Passed Senior, 1918; Teacher's Scholarship.  
 Williams, K. E.—Entered, February, 1917; Left, December, 1918. Junior Athletic Champion, 1918.

### LITERARY SOCIETY.

We have had one meeting of the Society this year, and it proved both interesting and amusing.

The meeting was held in the Boarders' Sitting Room, on Saturday evening, April 12th, 1919, with only a fair attendance. It took the form of a debate, the subjects and speakers being as follows:—

(1) Should the Country's Railways be Nationalised? The Day Boys, represented by McCulloch and R. Cooper, took the affirmative; and the Boarders, represented by Hooper and McKay, vigorously opposed any such suggestion. Winks and Hunt also spoke, for and against, respectively. After a lively debate, the decision was awarded to the Day Boys.

(2) Should we Introduce International Reduction of Armaments? The debate was short, owing to lack of time. The Boarders, represented by Stephens and Hunt, supported Reduction; while Henderson and Winks opposed it. As it was getting late, the speeches were shortened and no decision given.

A noticeable feature of the meeting was the absence of Day Boys, those who were present being speakers. This is a very poor response from such a large body as the Day Boys, and we hope they will come in larger numbers to the next meeting. We promise to interest, and, incidentally, to amuse them.

### SCHOOL NOTES.

Mr. F. E. Meyer, M.A., who has been on our staff for about ten years, has left us to take up duties as Head Master of Maryborough Grammar School. We are sorry to lose him, but the best wishes of all go with him in his new sphere. (An account of the presentation to Mr. Meyer is given above.)

We extend a hearty welcome to Mr. Graff, who joined our staff at the beginning of the year. He has just obtained his degree in Science at the Queensland University,

with honours in Geology (which accounts for the nature of the Geography Exams. lately.—Ed.).

We have been very unfortunate in losing another of our Masters, Mr. A. H. Robinson, who has left us to take up a position at Newington College, Sydney. At the close of the second quarter, a presentation from the boys was made to Mr. Robinson. R. Cooper, on behalf of the boys, spoke of the amicable relations which existed between Mr. Robinson and the boys, and also of our regret at losing such an esteemed Master and friend. He heartily congratulated Mr. Robinson on his new appointment, and wished him and Mrs. Robinson all success and happiness in the future. He then presented Mr. Robinson with a silver salver, a jardiniere, and a suit case. At the call of H. Williams, three lusty cheers were given for Mr. Robinson.

Two long-needed additions have been made to our staff, Mr. McWhinney and Mr. McIntosh having been appointed as Masters. We heartily welcome them to our midst, and trust their stay with us will be very pleasant.

We offer our heartiest congratulations to Hall and Burton on gaining Open Scholarships in the last Senior Exam., also Fisher, Whitehouse, Outridge and Cooper, who won Teacher Scholarships.

We were again successful in winning one of the Thallon Memorial Medals in the recent Junior Exam. The winner, G. Smith, is to be heartily congratulated on his achievement.

The medal was presented one day during the first term. At the same time Mr. Walsh (Chairman of the Thallon Memorial Committee) presented the school with a silky-oak Honour Board, on which are inscribed the names of previous winners from our school. This board was promised us last year, on condition that we won another medal at the last exam. We were pleased to receive the board, and thank the Committee for its generosity.

Extract from a Sydney newspaper:—

“The influenza germs do a great deal of mischief outside their particular line of sowing disease. They are responsible for the postponement of the marriage of Miss Edna Gardner, a Coogee girl. The bridegroom-elect, Mr. Thomas Edwards, is held up by the Inter-State restrictions.

We offer Mr. Edwards our heartiest congratulations, and hope the influenza will not last very long.

### Death of Mr. C. W. L. Heiner.

We regret to announce the death, on May 14th, of one of our esteemed Old Boys, Mr. C. W. L. Heiner, who, for some time past has been a Trustee of the School. We extend to his sorrowing wife and family our deepest sympathy.

### CHELMSFORD CUPS.

At last we have succeeded in wresting the Chelmsford Cup from our Toowoomba opponents. For several years we have tied with them, but this year we succeeded in winning all the competitions. We hope that now the Cup is here, it will make a prolonged stay. One thing is certain, at any rate, that it will not be our fault if it doesn't.

Though not so successful against Brisbane, we put up a good fight, and hope to do even better this year.

Last term our swimming team journeyed to Toowoomba, and were defeated, but only by a very narrow margin. Williams, M. L., and Warry, two very fine swimmers, did very well, the former especially. We congratulate the team on its excellent performance.

Though we could not obtain regular cricket matches this season, most Saturdays were filled up with matches against local teams, and also some of the country teams.

One thing we badly need in connection with cricket is a new wicket for matches. The present concrete is very badly cracked, and it is hoped that, before next season, a new wicket of some description will be available.

We are again intending to compete in the College-Grade Football in Brisbane this year. Unfortunately, it looks as though this will not be possible, owing to the outbreak of 'Flu in the metropolis. We all hope that this barrier will soon be effectively overcome.

If possible, we hope to enter a tennis team in the local fixtures this year. As most of us play football, it is a little awkward, but, most probably, we will be able to put out a team which will not disgrace us.

As a Commercial Junior has been instituted in connection with the ordinary Junior Public Exam., shorthand, type-writing, and book-keeping have been introduced as new subjects.

Miss D. Shand, who was formerly at the Technical College, has been appointed as teacher of these subjects. We

extend to her a hearty welcome, and wish her a happy sojourn with us.

At the Prefects' Dinner, held at the close of last year, one of our number appeared to be enjoying himself, and "orange trifle" especially (Please understand this is an attempt at Zeugma, which the writer has apparently been studying—Ed.). We do not wish to be personal, but we did think "Col" was a little more genteel.

We are glad to hear that "Chawles" has at last annexed that necessary faculty of "reason." Although he says it himself—and we believe "self praise is no recommendation"—we had the fact so much impressed on us during cricket season, that we are induced to believe there is some truth in it. (And, indeed, we sincerely hope so. This remark evidently comes from "Chawles'" well-known saying, "I've got a reason."—Editors.)

We wish to extend to "Cookie" our deepest sympathy in the matter of the English text-book for this year's Senior—Faerie Queene. It certainly is rather personal, and must cause our friend some degree of embarrassment, not to say annoyance, at seeing his "fair one" associated with an ass.

With the object of having a re-union of Prefects, Mr. Kerr, at the close of last year, gave a dinner to past and present Prefects of the School. Amongst those present, in addition to past Prefects, were Dr. Wilson and Mr. F. E. Meyer. Speeches were given by Mr. Kerr, Mr. Meyer, Dr. Wilson, and a representative Prefect of each year. An exceedingly pleasant evening was spent, and we wish to tender Mr. and Mrs. Kerr our warmest thanks.

The following gives us a clue to "Chawles'" predecessors:—

Phillip III., Spain.

Anna—Louis XIII.	Phillip IV.	Maria
Charles S. Hooper.		

(We can guarantee the authenticity of this, as we possess the original, in "Chawles'" own handwriting.)

We are, indeed, proud to have one of royal blood at the school, and are sure that our school is unique in this respect, as far as Australia is concerned.

We wonder whom it was we saw "Horace" driving with one moonlight night. It was certainly one of the feminine sex, and might, perhaps (!), have been a relation, but we think not. "Horace," please explain yourself, as it was not the "fair one" we see you waving to from the "footie" field.

A short time ago we received from Col. Graham Butler, D.S.O. (one of our Old Boys) a souvenir of the Great War (1914-18), in the form of a shell. The shell is neatly mounted, and bears the following inscription:—

**TURKISH SHELL,**

Which Fell in Attack on 9th Battalion, A.I.F., May, 1915.

Presented by the R. M. O., 9th Battalion,

to

His Alma Mater.

We heartily thank Col. Butler for this splendid souvenir.

---

**BOARDERS' NOTES.**

---

Owing to the new scholarship system, our numbers are considerably less than they were at the end of last year. There are now 47 on the boarders' roll, while last year there were 63. We expect a great influx of "newies" after Mid-Winter.

Now that "Andy," "Donc," "Jersey," "Dunsh," and "Bluey" are to be found no longer in the "Prefects'" room, things are much quieter, and more peaceful; but, nevertheless, we miss them.

We wish those who have left us every success in their new spheres of life, may they be successful and happy.

We are pleased to take this opportunity of welcoming Mr. Graff and wishing him every success and all happiness while he is in our midst.

Although our small fry are not present in such large numbers as they were last year, they totally eclipse their predecessors in presumption or cheek "to wit."

After due consideration, we have arrived at the conclusion that the "Village boys" are "bad lads," and right through, too.

We congratulate "Podge" on being elected Cricket Captain, and John on gaining command of the Football Team.

"Podge" struck a true note when he exclaimed:—

"Mislike me not for my 'tan boots,'  
The Shadow'd livery of the burnish'd sun;  
I tell you, lady, this aspect of mine,  
Hath fear'd the valiant: by my love, I swear  
The best regarded virgins of our clime  
Have loved 'them,' too: I would not change 'these boots'  
Except to steal your thoughts, my gentle ———". (Censored

(With apologies to Shakespeare.)

One member of our community surprised us the other day by exclaiming, when he viewed himself in the glass: "Oh!—what have we here? A blinking idiot."

"Ben," who has taken the place of "Jersey" in the triangular grin line, bids fair to make his Cheshire type of smile world-famous.

Old Boys who, at the end of last year, were not Old Boys, would not recognise "Bom" now. These days he is to be seen in long 'uns, blinkers, and pretty "ox blood" (!) boots.

We are greatly pleased to see that "Darby," "Ben," and a few others, have seriously entered upon the realm of sport. Know all ye people that "Darby," "Ben," and a few other minor quantities have lately been rising with the sun and indulging in "training" (?) We heard from a reliable source that "Ben" beat "Darby" in the 100. (Time, 14 2-5.)

"Jackie" returned at the end of one week-end looking sad and downcast. On investigation, it was found that he hadn't seen a certain friend more than twenty times during the whole week-end. (Never mind, "Jackie," she loves you yet.)

No, it is not true that "Mos" has decided not to visit the "other hill" this year.

Won't she be pleased, John, when she hears that you've been made "Cap." of Football!

Rumours have just reached us that "Griff" and "Dave" are coming forward to teach the younger generation the terpischorean art. "Bom" has decided that in future he will lead a staid and respectable (Oh! dear!) life.

We wonder why "Griff" is so anxious to practise his music on afternoons specially set aside for sport. What's the attraction, "Griff"?

Before Easter, "Willums" trained the swimming team very hard. "Podge" used to sigh as he looked lovingly at the "spuds," while "George" wept as he handed his pastry on to "Nugget." However, it was worth while, wasn't it, "George"?

Bomb-Tartarin (excitedly, during "Brisbane Revolution of 1919"): "Pan, pan, par les fenetres sur les 'Bolshies.'!"

Our Thargomindah reps. are becoming great rivals in sport. We congratulate "Norley" on his cricket successes. "Jonah" had his hopes about the "footie" season, but, alas! they were dashed to the ground. Soon after the 'flu broke out in Queensland, "Jack," "Norley," and "Jonah" received the call, and "went west." We hope to see them back again before long. (R(eturn) I(f) P(ossible).—Editors.)

"Boko," the "King of the Kids," is falling into disfavour. Look out, "Boko," or else there'll be a revolution in your kingdom.

We hear many strange rumours about "Beak's" and "Mervie's" trips to Brisbane. Oh! "Beak," we sincerely hope, for your sake, that they are not true.

"Maurice," of renowned philosophical and obnoxious wit, often brings out strains of asinine laughter from his bed mates, "George's" raucous laughter being prominent, intermingled with "Fiery's" childish squeaks, and the angry grunts of "Donald," although asleep.

We are pleased to hear that our old Resident Master, Mr. Eric Francis, is returning to Australia.

"Gilbert" (not the "filbert") has a very sweet(?) voice, and at times it can be heard all over the dorms. "Gilbert," please don't!

The 'flu has had its effects upon us. Since it broke out in Queensland, nine boarders have left, only temporarily, we hope. A few were attacked with a very mild form of the disease. We hope it will soon be over, and that Queensland will be free from this terrible scourge.

All "little" dorm., with "Dave" as head, were isolated for a week. From all reports, and from the sounds that came from the quarantine area, they had a pretty good time, in spite of their enforced idleness.

Our "Girlie" is very shy. The boarders would be pleased if (s)he let them see more of her beautiful "fringe."

One night last week we had a terrific downpour, and, on going up to bed, the inmates of "old" balcony found out that they were flooded out. However, they were shifted into the empty "big" dorm., and from all reports they must have had a good time.

Some of the members of "new" balcony also suffered. Next morning, "Nugget" was heard to complain, "Yes, it was better than nothing, but 'George' got all the blankets."

We were very sorry to lose "Bluey," who has been a boarder for nearly three years. We wish him all success in his future life.

"Cocky" also has left us. We don't know where he has gone, but our good wishes go with him, wherever he is.

Last term the boarders put in a lot of work (?) on the turfs, a large band of them going over to the cricket field every evening. The day-boys think they did a lot of work, but in reality they only went over during dinner-time, and looked at the turfs, to see if the boarders had done anything (which was very rarely the case.—Editors.).

The youthful boarders were often heard to "cuss" the turfs, "Podge," and other slave-drivers. They are greatly relieved now that the football season is on.

The long-suffering piano has not yet broken down. Soulful (?) strains are often produced by the untiring fingers of "Willums," and at "Even when the sun is set" (to misquote the hymn), an admiring crowd of newies and others stands round his chair and bellows "My Own Iona," "If You Were the Only Girl," and other beautiful songs. (Ahem!)

"Clem" puts in a lot of work on the piano nowadays. His one finger masterpiece, "Dead March in Saul," draws tears to the ears of the listeners (both willing and unwilling).

"Jonah" also aspires to musical glory. His masterpiece, "The Minstrel Boy," wastes its sweetness on the desert air of "Kydnootyll." In fact, the dense, unmusical wretches inhabiting that place wish he would vary his base, or, better still, cut that particular piece out.

During the term we received visits from the following: "Gord" Fisher, "Jersey" Burton, "Ru" Dunshea, "Hoss" Hall, "Donk" Martin, "Bluey" Outridge, "Puss" Frank, "Goat" Nicholson, and Hammermaster.

## FORM NOTES.

### SIXTH FORM.

This year there are twenty-six members in the Form, from whom, if most of them are studying as hard as they are working at sport, we may expect good results in the coming Senior Exams.

The representative teams of the school for the different branches of sport are still chiefly composed of members from our form. We hope that they will be successful in the remaining Cup matches.

Some of last year's VI. B have been elected Junior Prefects, while Hunt has been made a Senior Prefect. We offer them our congratulations.

We notice that the Prefects' room has now the appearance of a receptacle for cast-off rubbish, and although "Bom" was deposited in the dust-bin, on the ground of having sympathised with the Sinn-Feiners, there is still a large amount of refuse in the room.

Since his arrival at the school, "General" Harley has been making hard and, indeed, successful efforts to organise a buffoon squad. Already, "Alby," "Annie," and "Mauly," have offered their services, and have been extremely useful in replacing glass fronts for balconies, which have been accidentally (?) broken.

If any glass needs replacing, kindly inform "General" Harley, and it will be immediately attended to.

In case of accidents, let it be known that the nearest medicine chest is in that locker in the library, which may be easily located owing to the particular odour of mixed oils issuing from it. What should we do without "Mervie"?

The elocution class is in full swing, and the parts have been allotted to the budding actors, though one would imagine that "Charles" is learning to become a fish-monger, judging by the way he recites his part while having his morning bath.

### FIFTH (A) FORM.

Our Form consists of some twenty-seven students (?), some of whom were in the same form last year. We are a happy lot, especially since "Morris" has rejoined us.

On the sports' field we are fairly well represented. Though most of us are small, what we lack in size we make up in quality (?)

It seems as though some of our members will become world-famed chemists, for already "Dock" has discovered how to dissolve an aqueous solution of a gas in water and obtain a neutral solution.

We hear that the "Dauntless Three" have taken up dancing, and so we take this opportunity of expressing our deepest sympathy with the Dancing Mistress and her female pupils.

"Katie," "Spanks," and "Pongo" are mixed up in some love affair. We don't wonder at it, as they are all extremely handsome (?)

"Darby," who has been referred to as the "Sleeping Beauty," prefers forty-five in geometry to making a fool of himself at the blackboard.

"Garsden" (Jimmie) shows a rather bossy manner of late, especially on the cricket field, and has also an inclination to the same in football.

#### FIFTH (B) FORM.

Most of the Form, realizing that the end of the year will come, only too soon, are working hard right from the start, but the less said about some the better.

The Form numbers twenty-three in all, amongst whom are several "new editions."

We are well represented in sport, having two members in the First XI., and three in the swimming team. We all, of course, congratulate the swimmers for doing so well against Toowoomba, especially Warry, who easily carried off the honours in the 50 yards.

Those of us who have so often heard the name of the famous play, "Much Ado About Nothing," will agree that it would suit the occasion when "Micky" returned from Southport with the Cricket Team.

No one knows exactly whether "Tom" is studying war economy, or taking off "Paderewski," but we are getting up a subscription list, to keep his flowing locks within reasonable limits.

One of our worthy (?) members is taking "footy" seriously this year. He now spends his spare afternoons getting "rubbed down" for that purpose. For information on this art, apply to "Liz."

Our Purga "rep.," the "Tom Cat," has a great liking for natural history. He not long ago brought some cattle ticks to school.

"Joe" is not absent so often now. He must have taken some good advice, and stopped reading "penny dreadfuls."

"Fiery," our geography genius, informed us that the race of people who came round Lake Chad were called "Chops." Most of us put the mistake down to the fact that the geography period took place just before dinner.

#### FOURTH (A) FORM.

There are twenty in the Form, most of whom seem anxious to work, and, by the look of things, we intend to put up a good year's record, and we all trust that we will.

Our Form was, considering we are little more than "newies," well represented in cricket, having one or two "seconds." Now that cricket has left us for a season, and football has arrived, we all trust we will be represented in the football teams.

We congratulate C. W. Smith on winning a position in the swimming team, which, unfortunately, though only by a narrow margin, was defeated by Toowoomba.

We strongly sympathise with McLeod, who went to the hospital with diphtheria, but we are glad that he is back again with us.

#### FOURTH (B) FORM.

This year we have started with twenty-two members in the Form.

We already have one of our members playing with the First XI., and we hope that before the end of the year some more may distinguish themselves.

One of our number (Jack) gives promise of being a good footballer, and another (Peter) is greatly distinguishing himself as a "swimmer."

There is also another "gifted" member in our Form, who goes by the name of "Biscuit," but, unfortunately, his particular gift is the "gift of the gab."

We have just lost "Cock," whose place, however, has been ably filled by "Colin," a day-boy, who has changed his spots.

"Mick" and "Fat," two more of our group, have some very fine times together. "Fat" even goes so far as to hug "Mick" sometimes.

"The Thargomindah Reps." have been unjustly disturbed by pneumonic influenza and other prevailing epidemics; but just at present, their only worry is work (!!!).

We have been favoured by the presence of six "freshers," commanded by "Snowy," who recently sailed from Southport. Gilbert, the humourist of this band, is a promising Charlie Chaplain.

### GENIUS GONE ASTRAY.

In an English (Sixth Form, too) Exam., not so long ago, we were told: "They drank that much that they busted." (We refrain from comments.—Editors.)

The following appears in an essay on "Aerial Navigation from a Commercial Aspect": "As a result of the further development of passenger traffic, 'there will be no inconvenience about births.' " Civilisation is, indeed, progressing.

Science is also advancing by strides. We are informed that "a solvent is a tin plate with holes in, that you filter things through."

Some people do, no doubt, have peculiar tastes, as evidenced by the fact that we are informed that "olives are a luscious fruit." We admire(?) the informant's taste.

"Birrell was born in the middle of the Nineteenth Century, and began writing in the third decade of the same." We always considered Birrell a genius, but this surpassed even our imaginations.

---

### CRICKET.

Although, for the last three years or so, there have been no grade matches in Ipswich, the school has not lacked matches. Apart from the Chelmsford Cup matches at the end of last year, we have played matches with Gatton College, Southport High School, and several country teams.

In the Cup matches we defeated Toowoomba after an exciting game, but lost badly to Brisbane.

By the loss of six of the more prominent members of the team at the end of last year, the team has been considerably weakened. With the departure of Mr. Meyer, also,

the team has sustained a great loss. Apart from his valuable coaching, his batting and bowling abilities were a great help to the school.

A very successful innovation, introduced this year, was "in-school" cricket. The school was divided into two grades of four teams each. In the upper grade keen interest was displayed in the matches.

This year the School has been successful in winning several matches, but, in the majority of matches, we have been defeated.

We have been using the turf practice wicket assiduously this season, and a turf wicket in place of the old concrete, which is now rapidly breaking up, would be a great boon.

In the lower grades the seconds have had a fair number of matches, and have had a great measure of success.

The thirds were the most successful team, winning all their matches by a comfortable margin.

### CHELMSFORD CUP MATCH.

I. G. S. v. B. G. S.

The annual match between the above schools was played on the Brisbane Grammar Turf under ideal weather conditions.

Play commenced at 10 o'clock in the morning, and McDonnell, winning the toss from Fisher, decided to bat.

McDonnell and Nothling opened for Brisbane against the bowling of Henderson and Martin. By batting carefully, the pair brought the score to 31, when Nothling was caught for 18. Bennett joined McDonnell, and the pair batted carefully till the score was 88, when McDonnell, in attempting to hit, Henderson was caught by Martin at square leg for 52. The next few wickets fell fairly quickly, until Ward came in. With Bennett, he carried the score to 258, when wickets were drawn for dinner. At the resumption of play Ward had the hard luck to be run out in the first over. When the score was 301 the innings was closed. Fisher sent in Hooper and Martin to face the bowling of Nothling and Hurwood. Martin was bowled off his pads by Nothling before he reached double figures. Foote then came in, and when he had made 16 he had the misfortune to be run out. Dun-

shea was the only other to reach double figures, and the innings closed for 117, Hooper, with 62, being the chief scorer. Brisbane thus won by five wickets and 184 runs. The following are the detail scores:—

B. G. S.—1st Innings.	
McDonnell, c Martin, B Henderson . . . . .	52
Nothing, c and b Henderson	19
Bennett, not out . . . . .	60
L'Estrange, c Foote, b Martin . . . . .	47
Marshall, b Foote . . . . .	11
Ward, run out . . . . .	67
Hurwood, not out . . . . .	26
Sundries . . . . .	19
—	
Total 5 wickets for	301

Bowling: Martin 2 for 116, Henderson 2 for 96, A. Foote 0 for 16, Dunshea 0 for 36, Fisher 0 for 19.

I. G. S.—1st Innings.	
T. Martin, b Nothing . . . .	6
C. Hooper, c Bettenay, b McDonnell . . . . .	62
A. Foote, run out . . . . .	16
W. Henderson, b Hurwood	5
G. Fisher, b Nothing . . . .	0
R. Dunshea, st Robinson, b McDonnell . . . . .	18
J. Hunt, c Ward, b McDonnell . . . . .	2
L. Outridge, b Nothing . . . .	0
H. Burton, b Nothing . . . .	1
McCulloch, b Nothing . . . .	4
Cooper, not out . . . . .	0
Sundries . . . . .	3
—	
Total . . . . .	117

Bowling: Hurwood 1 for 18, Nothing 5 for 58, McDonnell 3 for 36.

### BRASSALL v. I. G. S.

The above match, the first this year, was played on the School concrete, and resulted in a win for Brassall by 41 runs.

The School batted first, and reached the total of 118. Hooper, 47, and Henderson, 35, were the most successful batsmen.

For Brassall, R. Sterling was very successful with the ball, gaining 7 wickets for 10 runs. Brassall, following on reached the total of 159, to which total Russell (59), and Sterling (36) were the chief contributors.

Bowling for the School, Henderson obtained 5 wickets at a cost of 75 runs, and Yarad 3 for 25, Hunt 1 for 22, Bertram 1 for 38.

### I. G. S. v. GATTON COLLEGE.

The above match was played on the School concrete on the 15th Feb., 1919, and resulted, after an exciting match, in a win for the School by 7 runs.

The School batted first, and the innings closed for 130 runs. The chief scorers were: Cribb 40, Hunt 31, Hooper

16, and Hewlett 11. Owing to a strong last wicket, the score was brought from 82 to 130. Chief bowlers for Gatton were: Hodges with 6 for 43, and Tait 3 for 68. Gatton's innings closed for 123, the chief contributors being, Pitt 41, Gillingwater 13, Brightwell 24, and Nicholson 14. The bowling of the School was chiefly done by Henderson with 4 for 65, Yarad 2 for 18, and Hewlett 3 for 7.

#### I. G. S. v. LAIDLEY.

The above match was played on the Laidley wicket, and resulted in a win for the Laidley team by 35 runs on the first innings.

Batting first, the School made 80 runs, the chief contributors being, Henderson 14, Hunt 15, and McCulloch 14 not out. For Laidley, Brazil and Brewer were the most successful bowlers.

Laidley had not much difficulty in reaching our total, and finally were all out for 115 runs. For them, Brewer 42, and Marsh 34, were the most successful batsmen.

The chief trundlers for the School were Henderson 3 for 41, Yarad 3 for 18, Hooper 2 for 10, Hewlett 1 for 12, and Easton 1 for 26.

In their second effort the School had lost 7 wickets for 51 runs when time was called. Only two reached double figures, Hooper 20, McCulloch 11 not out.

Bowling for Laidley, J. Francis obtained 6 wickets at a cost of 14 runs.

#### I. G. S. v. C. Y. M. S.

The above match was played on the School concrete, and resulted in a win for the School by 66 runs. The School batted first, and the respectable total of 196 was reached. The chief scorers were: McCulloch 71, Easton 58, and Cooper 18. The chief bowlers for C. Y.'s were Hodgens and McBrian.

The C. Y.'s managed to get 130 only. Hodgens 29, Doyle 51, McBrian 15, and Molloy 14, reached double figures.

Bowling for the School, Easton took 7 wickets for 46, McCulloch 2 for 15, and Henderson 1 for 63.

#### HARRISVILLE v. I. G. S.

The above match was played at Harrisville on a concrete wicket, and resulted in a win for Harrisville by 3 wickets and 176 runs.

Play started at 11.45 a.m., and the School, batting first, made only 46. The only one to reach double figures was Easton, who batted well for 15.

The match was then adjourned for dinner.

During the adjournment a very heavy shower of rain fell, so that when play was resumed the field was a sea of water.

Harrisville quickly passed our total, and the innings finally closed for 221 at a loss of 7 wickets. The most successful batsmen were, Cross 59, Burnitt 77 not out, and Dreverson 35.

Bowling for Harrisville, Brown got the fine average of 7 wickets for 9 runs. Bowling for the School, Henderson got 4 wickets for 63, Hooper 1 for 42, Easton 1 for 57.

#### WOODEND v. I. G. S.

The above match, the last this season, resulted in an easy win for the School. Woodend batted first, and reached the small total of 36.

Bowling for the School, Henderson obtained the fine average of 8 wickets for 17 runs, and Easton 2 for 18.

At one stage of the match, Henderson had 6 wickets for 0.

The School had no difficulty in passing this total, and at call of time had lost 5 wickets for 190 runs.

Batting for the School, Henderson got 80 not out, Hunt 58, Hooper 21, and Easton 17.

For Woodend, Newman was the most successful bowler.

#### I. G. S. v. SOUTHPORT.

The above match was played at Southport on March 8th, and resulted in a win for Southport by 78 runs on the first innings.

Play started at 9 a.m. in the morning, and, consequent on winning the toss, Southport decided to bat. Marks and Osborne opened, but Marks was caught before he reached double figures. Osborne, however, batted freely, made 45, and was the top scorer. Massey 24, and Dixon 25, were the only other scorers of note. Finally, the innings closed for 120 runs.

Henderson, with 5 wickets for 28 runs, was the most successful bowler for Ipswich.

Following on, Ipswich only managed to make 52 runs. Hooper, 34 not out, was the only one to reach double figures.

For Southport, Massey was the most successful bowler, and gained 6 wickets for 21 runs.

In their second attempt, Ipswich had lost 2 wickets for 20 runs when time was called.

The following are the detail scores:—

I. G. S.—1st Innings.

C. Hooper, not out . . . . .	34
Hunt, b Osborne . . . . .	0
Henderson, run out . . . . .	1
Easton, b Massey . . . . .	2
F. Yarad, b Massey . . . . .	0
Cooper, b Osborne . . . . .	1
McCulloch, l b w, b Massey	1
McLean, b Massey . . . . .	1

Bowling Averages: Easton 7 for 59, Henderson 2 for 65, McCulloch 0 for 29.

## CRICKET CHARACTERS.

- C. S. Hooper (Captain).**—(By two members of the team.)—Sound and confident batsman. Strong defence, and has quick scoring strokes all round the wicket, with exception of leg. Safe field, and fair length bowler. Energetic Captain.
- J. A. Hunt (Vice-Captain).**—Good bat. Plays a very straight bat. Strong in defence, and on leg, but few scoring strokes. Should learn to use wrists more. Good change bowler, and very clean field. Should do well next season.
- W. Henderson.**—Batted with confidence this season. Nice shots to the off, but weak on the leg. Inclined at times to pull straight balls. Should make plenty of runs next season. Very good bowler, keeps a constant length. Very good field.
- F. Easton.**—Very brilliant bat, plays a nice free game, not afraid to go forward. Sound in defence, playing a straight bat. Bowls well and uses head. Good field.
- R. Cooper.**—Improving wicket-keeper. Fair bat. Though playing a straight bat, inclined to be jerky, and does not go forward far enough. Fair change bowler.
- H. McCulloch.**—Improving batsman. Should play straight bat more. Though good on leg, has a tendency to pull straight balls. Should not try to cut straight balls. Good change bowler, and clean field.

- E. Stephens.**—Plays straight bat, though not strong in defence. Few scoring strokes. Should shake himself up more in field, and learn to throw ball in on full.
- F. Yarad.**—Fair bat, lacks confidence, very weak in defence. Improving, but has a lot to learn yet. Energetic and capable field. Fair change bowler.
- C. C. Cribb.**—Fair bat. Should learn to play straight bat and defence. Has tendency to pull balls off middle stump. Clean field.
- M. Yarad.**—Medium bat. Though playing straight, is inclined to go back too much. Fair defence, few scoring strokes. Fair field.
- C. T. Hall.**—Fair bat. Though he has few scoring strokes, is a fairly hard man to get rid of. Good field.
- M. Williams.**—Fair bat. Though playing forward, weak in defence. Few scoring strokes. Fair field.
- H. Williams.**—Good field. Fair bat, though with no defence whatever. Should curb tendency to swipe at everything, and learn to play straight bat.\*
- N. Watson.**—Sound bat, with good defence. Though small, knows how to play straight bat. Should improve with time. Good field.
- V. McLean.**—Fair bat. Good eye, but should learn to play straight bat. Needs to wake himself up in field.
- \*G. A. Fisher.**—A defensive, rather than offensive, batsman, with the left-hander's tendency to pull. A fair change bowler, and excellent fieldsman. Handled his team successfully.
- \*A. J. Foote.**—A strong, hard-hitting batsman, with nice strokes on the off, but rather lacking in defence. A safe catch, and a good field.
- \*R. H. Dunshea.**—Fairly sound batsman, with good style and effective strokes. Good medium bowler, and a sound fieldsman.
- \*T. V. Martin.**—One of the best batsmen in the team. Sound defence, and latent hitting powers. Tendency to cramp his play in matches. A good bowler, and a brilliant fieldsman.
- \*L. M. Outridge.**—An improved batsman, with no particular style, but liable to stick and make runs. A good fieldsman.
- \*H. Burton.**—A trier in all departments of the game. Possesses more energy than science. A useful fieldsman, and a safe catch.

\*By Mr. F. E. Meyer.

## IN-SCHOOL COMPETITION.

## 1st ROUND.

**Cooper's Team (A) v. Henderson's (B).**—Won by former by 20 runs. For winners, chief scorers were Stephens 12, Stewart 21. For losers, chief scorer was H. Williams, 13. For the winners, Stephens and M. Williams were most successful bowlers, while Henderson and Cribb were most successful for the losers.

**Hooper's Team (C) v. Hunt's (D).**—Won by former by 15 runs. For C Team the chief scorer was Hooper, 45 not out. For D Team chief scorer was Hunt, 10. The bowling for C was chiefly done by Bertram and McCulloch, while for D Hunt and McLean did best.

**A v. D.**—Won by D by 72 runs. For winners chief scorers were Hunt 38, F. Yarad 35, and McKay 20 not out. For losers, Easton 35, was chief scorer. The most successful bowlers for winners were Yarad and Hunt, whilst for losers, Stephens and Cooper did best.

**B v. C.**—Won by C by 21 runs. For B the most successful batsmen were Hooper 14, Mills 25 not out, and McCulloch 15. For C, Cribb 21, Smith 14, and Cameron 18. The bowling was chiefly done by Hooper and McCulloch for C's, and Henderson and Campbell for B's.

**D v. B.**—Won by B by 1 wicket and 8 runs. For winners chief scorers were Easton 41 not out, Cooper 18, Hutchins 22. For losers chief scorers were Hunt 35 not out, McKay 14, and F. Yarad 17. Most successful bowlers for winners were Easton and Cooper, and for losers Simpson and Hunt.

**A v. C.**—Won by C by 17 runs. For winners the most successful batsmen were Hooper 30, and Hall 12. For losers, Stevens 11, and Williams 16 did best. The bowling for winners was chiefly done by Watson, McCulloch, and Hooper, whilst for losers Easton and Stephens did best.

### 2nd ROUND.

**A v. B.**—Won by A by 37 runs. For winners chief scorers were Cooper 36 and Williams 14, whilst for losers chief scorers were Cribb 12 and McLean 17. The bowling for winners was chiefly done by Cooper and Easton, whilst for losers, McLean and Henderson did best.

**C v. D.**—Won by C by 23 runs. For C most successful batsmen were Hooper 43 not out, and Hall 16, whilst for losers Hunt 37 not out did best. The bowling for C was chiefly done by Hooper and McCulloch, whilst for D Hunt and Yarad did best.

**B v. D.**—Won by B by 2 runs. For winners, Henderson 39, Cribb 30, and Campbell 13 were best scorers, whilst for the losers Hunt 36 not out, McKay 19, and Warry 10, did best. Bowling for B was chiefly done by Henderson and McLean, whilst for D, Hunt and Fewtrell did best.

**A v. C.**—Won by A by 37 runs. For winners Easton 9, and Cooper 35, were chief scorers. The chief scorer for C was Watson, 8. Bowling for A, Cooper 6 for 14, and Easton 3 for 18; bowling for C, Hooper and McCulloch were most successful.

**A v. D.**—Won by A by 8 runs. For winners Easton 41 not out, Cooper 18, and Hutchins 22, were chief scorers. The chief scorers for D were Hunt 35 not out, McKay 14, and F. Yarad 17. Bowlers for A were Easton and Cooper, and for D, Hunt and Simpson.

**B v. C.**—Won by B team.

As A and C teams at the end of the second round had won 4 matches each, it was decided to play off another match for the premiership, and C won by 26 runs. C, batting first, made 51 runs, the chief scorer being McCulloch, 17. Bowling for A, Easton got 5 for 28, and Cooper 3 for 16. A, however, only made 25 runs, Hutchins being top score with 7. Bowling for C, Hooper got 7 for 7, and McCulloch 3 for 16.

### SECONDS' MATCHES.

**School v. C. E. B. S.**—Won by School by 74 runs. First innings School made 135, Hutchins 34, McKay 37, Campbell 20, reaching double figures. F. Hooper was the most successful bowler for C. E. B. S., getting 9 for 45. C. E. B. S., in their first attempt, made 41. Campbell, Simpson, and Adie bowled well. In their second innings the School made 55, McKay being top scorer with 18. C. E. B. S., in their second innings, made 75.

**School v. Blairs.**—Won by School by 60 runs. For School, Fewtrell made 43 not out, and Mills 11. For Blairs, Turner, 12, was chief scorer.

**School v. C. Y. M. S.**—Won by C. Y. M. S. by an innings and 98 runs. Chief scorers for School were Watson 26, and McLean 12. For C. Y. M. S., McBrian made 92 not out, Dwyer 26, and Bird 27.

**School v. Christian Brothers.**—Won by School by 50 runs. Chief scorers for School were Hutchins 22, Campbell 15, C. T. Hall 12.

**School v. C. E. B. S.**—Won by School by 6 runs, chief scorers for School being F. Yarad 14, and M. Williams 14. For C. E. B. S., Harris, 24, was the chief scorer.

### THIRDS' MATCHES.

**School v. Blair.**—Won by School by 60 runs, chief scorers for School being Adie 9, Simpson 12, and Kohler 19. In this match Simpson got the remarkable average of 8 wickets for 0 runs.

**School v. Christian Brothers.**—Won by School by 38 runs, chief scorer for School being Stewart, 23; and for Christian Brothers, Flynn, 13. In this match both bowlers (namely Adie and Simpson), obtained the hat-trick.

---

### FOOTBALL.

---

This year, unfortunately, there are fewer, in comparison to last year, who have taken up their duty in trying to repeat the successes of last year. There are still a few who would like to indulge in the sport, but, unluckily, "Doctor's orders" cannot be imposed upon. There are also many, especially in the upper forms, who are physically fit, but who remain "aloof" to the game.

We are not so sure of success this year as in former years. Last year we did very well, being defeated only once through the whole season (by Nudgee). We were successful in both our Chelmsford Cup matches.

This year we have eight of last year's Firsts, but have sustained a great loss in the departure of our other seven members: Fisher, A. J. Foote, B. Foote, Burton, Dunshea, Martin, and Outridge.

We have not yet been able to see whether the new game is superior to the old, as we are unable to continue our fixtures because of the 'Flu.

We are still playing "A" Grade, in which Brisbane Grammar, Nudgee, and Gregory Terrace are still playing.

We have decided to keep our Seconds in "C" Grade, owing to the smallness of the members.

Our prospects of obtaining matches for practice are not very bright, as the Ipswich and country teams are great supporters of the "League" game; but we are hoping to have some matches before we meet Toowoomba Grammar School.

---

### TENNIS NOTES.

---

The tennis season is ahead of us, and we have every reason to be optimistic. Three of last year's team are again with us, and there will be keen competition for the fourth place, which will probably be filled either by F. Yarad or R. Cooper.

We have decided to enter a team in the City Fixtures for the coming season. Our team will be rather weak, owing to the prior claims of football.

On March 7th a match was played at Southport against the Southport High School. Although very much out of practice, we put up a good fight, and after a very interesting game, Southport was victorious. The following are the results:—

#### DOUBLES.

I. G. S.	S. H. S.	
Hooper, C. and Henderson, W.	v Osborne and Bowman	4-6, 8-6, 0-6
Hunt, J. and Yarad, F.	v Osborne and Bowman	1-6, 3-6
Hooper, C. and Henderson, W.	v Macnish and Massy	6-1, 6-1
Hunt, J. and Yarad, F.	v Macnish and Massy	0-6, 4-6

#### SINGLES.

I. G. S.	S. H. S.	
Hooper, C.	v Osborne	6-0, 6-4
Henderson, W.	v Bowman	6-4, 6-4
Hunt, J.	v Macnish	1-6, 1-6
Yarad, F.	v Massy	1-6, 4-6
Totals: I. G. S.: 3 rubbers, 7 sets, 63 games.		
S. H. S.: 5 rubbers, 10 sets, 80 games.		

### SWIMMING.

Near the end of last quarter the Swimming Team visited Toowoomba, to compete with that school in the Chelmsford Cup swimming event. Unfortunately, we were beaten by the narrowest margin. The results are as follows:—

#### RELAY RACE. T. G. S. (1), I. G. S. (2).

50 Yards' Championship: Warry (I.G.S.), 1; Hamilton (T.G.S.), 2. Won by a yard.

100 Yards' Championship: Hamilton (T.G.S.), 1; Easton (I.G.S.), 2. Won by the slightest touch.

200 Yards' Championship: Williams (I.G.S.), 1; T. G. S., 2. Won by a length.

The following are the characters of the members of the team:—

- M. L. Williams (Captain).**—A strong, fine swimmer, with a perfect wind. Has a clean stroke, and showed his extra fine qualities in his race. A good captain, and knows how to manage his team. Excellent starter, and turns well.
- G. S. Warry.**—A very fast swimmer. A clean stroke, and quick on the turn. Uses his feet to advantage, and is a good starter. Should become an excellent swimmer as he gets older.

- F. Easton.**—Another fine swimmer, with a steady stroke and movement. Has good staying powers, and turns well. Good starter, and has a characteristic kick of his own when swimming.
- A. R. Winks.**—Good long-distance swimmer. Firm stroke and good staying power. Is not fast, but has much endurance, which counts. Should develop into a good swimmer.
- C. Smith.**—A good swimmer with a good stroke. Should use his legs as much as he can. Should not give up hope if the other man is leading.
- C. Hooper.**—Has the makings of a good short-distance swimmer. Has a fair stroke, and, with practice, it should improve. Rather slow at the turn.

---

### OLD BOYS' NOTES.

---

Capt. H. D. Foote, of the Dental Corps, has arrived in Australia from abroad, and is due in Queensland shortly. Soon after his arrival he will marry Miss Minnie Whitehead, to whom he has been engaged for some time. We wish him all happiness and prosperity in the future.

We were sorry to hear Freddie Foote had influenza, down in Sydney, but we are relieved to know that he is now almost well again.

Lieut. Eric Francis has arrived in Queensland, and is expected to be out of quarantine in a few days time. We offer him a hearty welcome to the old school, and hope he will take up his duties again as a Master.

Capt. E. C. Cribb, M.C., arrived home from the Front some little time ago. He has been away from Australia for four years, and was given a hearty welcome on his return. His brother, Lieut. H. C. Cribb, who recently gained his commission in the Artillery, is still in France, and expects to leave for Australia before long.

Also returning to Australia, are J. Macfarlane and L. L. Macfarlane, while Alf. McCulloch has just arrived home. We extend to all three a hearty welcome.

Mrs. Kerr has received a letter from "Bernie" Flewell-Smith. At the time of writing, he was at Philippeville, Belgium, and having quite a decent time, with nothing to do but take a class or two a day in Algebra and Arithmetic.

A letter has been received from Alf. McCulloch. At time of writing he was in England with the A. F. C., waiting for demobilisation. He says he was having a good time in England, notwithstanding that it was winter. (As stated above, Alf. has since arrived home.)

Arthur Bell writes from Florennes, Belgium, where he has just arrived, after being some time in France. He does not expect to be home for some time yet, owing to the slowness of demobilisation.

Paul Makepeace returned to Queensland some time ago on the "Nevasa," from Mesopotamia, where he was attached to the Signalling Division.

Private "Bill" Lane has also come home, and the last we heard of him was that he was on his way to Redcliffe for a holiday.

Mr. Kerr has received a note from Capt. P. Fewtrell (6th F. C. E.), enclosing a copy of that entertaining little paper, the "Aussie," printed by the Australians in France. We are very pleased to have this magazine, which throughout displays the characteristic wit of the "Aussie."

The wedding of Lieut. W. H. Bryan, M.C., of the 2nd Australian Med. Trench Mortar Battery, to Miss Myee Harrison, of Brisbane, took place in Plaistow, England, a few months ago. An exceptional feature of the wedding was that there were six holders of the M.C. present, including the bridegroom and best man. Lieut. Walter Bryan, after serving in Egypt for some time, went through the Gallipoli campaign from beginning to end, and has since been on the Western Front. We wish him and his bride all happiness and prosperity in the future.

Capt. E. C. Cribb, M.C., has gone "jackarooing" on Eddington Station, near Hughenden, prior to going on the land.

Lieut. H. C. Cribb left England by the "Norman," on July 3rd.

We welcome Lieut. E. C. Knowles home, and offer him our hearty congratulations on his engagement to Miss Stella Hooper.

Lieut. A. E. Williams returned home by the "Devanha," after seeing four years' active service.

Lieut. W. B. H. Foote also arrived home a few weeks ago. George Adkins and Will. Foward, we hear, have also returned.

S.-Sergt. F. F. Mills, 5th F.A.M.C., returned by the "City of York," just before Easter, and is at present in Brisbane.

Len and Jack Foote have had the 'Flu., while in Sydney, but we are pleased to hear that they are all right again.

#### Corporal Edwin Rawlings Fittock.

Corporal Edwin Rawlings Fittock was well-known to many Old Boys of recent years. He did his duty with that cheerfulness which has made Australian boys famous, and he gave his life in the great cause of liberty and justice. He enlisted early, and was wounded on Gallipoli, in August, 1915; his wound forced him to return to Australia, but he did

not rest until, at the third attempt, he succeeded in enlisting again. He embarked in January, 1917, and did splendid work in the trenches in France. In August, 1918, while nobly leading his men in the face of a murderous fire, he fell when the objective was almost reached. As one man in his unit wrote, his example robbed "going over the top" of all its terror, and made success seem easy. He gained his stripes as corporal on the field of battle.

## ROLL OF HONOUR.

The following list has been made up from all the information available. Will anyone who notices errors or omissions kindly inform the Editor as soon as possible?
